

Queensland

Nature Conservation Act 1992

Nature Conservation (Macropod Harvest Period 2010) Notice 2009

Reprinted as in force on 1 January 2010

Reprint No. 1

This reprint is prepared by
the Office of the Queensland Parliamentary Counsel
Warning—This reprint is not an authorised copy

Information about this reprint

This notice is reprinted as at 1 January 2010.

Minor editorial changes allowed under the provisions of the Reprints Act 1992 have been made to correct spelling (s 26(1)).

This page is specific to this reprint. A table of reprints is included in the endnotes.

Also see endnotes for information about when provisions commenced.

Spelling

The spelling of certain words or phrases may be inconsistent with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, 'lodgement' has replaced 'lodgment').

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Nature Conservation (Macropod Harvest Period 2010) Notice 2009

[reprinted as in force on 1 January 2010]

1 Short title

This notice may be cited as the *Nature Conservation (Macropod Harvest Period 2010) Notice 2009*.

2 Commencement

This notice commences on 1 January 2010.

3 Macropods to which notice applies

This notice applies to the following species (each a *harvest macropod*)—

- (a) eastern grey kangaroo (*Macropus giganteus*);
- (b) red kangaroo (*Macropus rufus*);
- (c) common wallaroo (*Macropus robustus*).

4 Definitions

In this notice—

additional weight, for each prescribed part of a harvest macropod, means the additional weight stated in schedule 1, column 2 opposite the prescribed part of the macropod stated in schedule 1, column 1.

conservation plan means the *Nature Conservation (Macropod) Conservation Plan 2005*.

dress, a harvest macropod—

- (a) means—
 - (i) to skin the macropod; or

[s 5]

- (ii) to remove the head, paws, tail or an internal organ of the macropod; but
- (b) does not include to process the macropod.

fully dressed, in relation to a harvest macropod, means a harvest macropod with all of the following parts removed—

- (a) the head;
- (b) the viscera;
- (c) each of the forelimbs, from the elbow joint;
- (d) the foot of 1 hind limb, from a point below the tarsal joint;
- (e) the hind limb, other than the hind limb mentioned in paragraph (d), from a point on the tibia midway between the knee and ankle joints;
- (f) the tail, not more than 160mm from a point where the underside of the tail joins the body in the external urogenital area.

harvest macropod see section 3.

prescribed part, of a harvest macropod, means a part of the macropod stated in schedule 1, column 1.

relevant region, for a harvest macropod, means each region mentioned and described in schedule 2 for the macropod.

viscera means all of the contents of the abdominal and thoracic cavities.

5 References to particular areas

In schedule 2—

- (a) a reference to the area of a former shire named in the schedule is a reference to the area that immediately before 15 March 2008 was the area of the local government of that name; and
- (b) a reference to transferring area B is a reference to transferring area B under the *Local Government Act 1993* as that Act was in force on 10 August 2007.

Note—

See the *Local Government Act 1993*, section 159YD.

6 Harvest period for harvest macropods

- (1) The harvest period for a harvest macropod starts, for each relevant region for the macropod, on 1 January 2010 and ends at the end of—
 - (a) if the chief executive has published a notice stating the chief executive is satisfied that for the year the relevant maximum amount for the macropod for the region will have been taken by a day stated in the notice—the stated day; or
 - (b) otherwise—31 December 2010.
- (2) A notice mentioned in subsection (1)(a) must be published—
 - (a) in a newspaper circulating generally in the State; and
 - (b) on or before the day the harvest period ends.
- (3) If the chief executive publishes or intends to publish a notice mentioned in subsection (1)(a) for a harvest macropod for a relevant region, the chief executive must also give each holder of a macropod harvesting licence for the macropod a written notice stating—
 - (a) the chief executive is satisfied that the relevant maximum amount for the macropod for the relevant region will have been taken by the day stated in the notice; and
 - (b) the harvest period for the macropod for the region ends at the end of the stated day.
- (4) The chief executive must give the notice mentioned in subsection (3) at least 7 days before the day the harvest period ends.
- (5) In this section—

estimated population size, for a harvest macropod in a relevant region for the macropod, means the population size

[s 6]

estimated by the chief executive for the macropod for the relevant region for 2010.

macropod harvesting licence means—

- (a) a commercial wildlife harvesting licence for macropods;
or
- (b) a recreational wildlife harvesting licence for macropods.

relevant maximum amount means—

- (a) for an eastern grey kangaroo—
 - (i) for the central region for the kangaroo—15% of the estimated population size for the kangaroo in the region; or
 - (ii) for the eastern region for the kangaroo—10% of the estimated population size for the kangaroo in the region; or
- (b) for a red kangaroo—
 - (i) for the central region for the kangaroo—19% of the estimated population size for the kangaroo in the region; or
 - (ii) for the eastern region for the kangaroo—10% of the estimated population size for the kangaroo in the region; or
 - (iii) for the western region for the kangaroo—10% of the estimated population size for the kangaroo in the region; or
- (c) for a common wallaroo—
 - (i) for the central region for the wallaroo—15% of the estimated population size for the wallaroo in the region; or
 - (ii) for the eastern region for the wallaroo—10% of the estimated population size for the wallaroo in the region; or
 - (iii) for the western region for the wallaroo—10% of the estimated population size for the wallaroo in the region.

7 Condition on taking particular harvest macropod from particular region

(1) For section 11(1)(b) of the conservation plan, the eastern grey kangaroo must not be taken from the western region during the harvest period.

(2) In this section—

western region means the local government areas of the Boulia, Burke, Carpentaria, Cloncurry, Diamantina and Mount Isa local governments.

8 Condition on use of harvest macropod

(1) For section 11(1)(e) of the conservation plan, the carcass or skin of a harvest macropod taken during the harvest period must not be sold or given away during the period if the macropod's body has a bullet wound.

(2) In this section—

body, of a harvest macropod, means a part of the macropod's body other than its head.

9 Minimum area for skin of harvest macropod taken for skin only

For section 12(2) of the conservation plan, the minimum area for the skin of a harvest macropod taken for its skin only is 0.41m².

10 Minimum weights for carcass of harvest macropod taken for meat only or meat and skin

For section 13(2) of the conservation plan, the minimum weight for the carcass of a harvest macropod taken for its meat only or for both its meat and skin is—

(a) for the minimum whole weight—20kg; and

(b) for the minimum dressed weight—

(i) if the macropod is fully dressed—13kg; or

[s 11]

- (ii) otherwise—13kg plus the additional weight for each prescribed part of the macropod that is in, on or attached to the macropod.

11 Expiry

This notice expires on 31 December 2010.

Schedule 1 Prescribed parts and additional weights

section 4, definitions *additional weight* and *prescribed part*

Column 1 Prescribed part	Column 2 Additional weight (in kg)
the head	1.0
the heart, liver and lungs, or part of the heart, liver or lungs. . . .	1.0
the forelimbs or part of a forelimb from a point below the elbow joint	0.3
the feet or part of a foot from a point below the tarsal joint	0.5
the hind limb or part of the hind limb from a point on the tibia below midway between the knee and ankle joints.	0.2
the tail or part of the tail more than 160mm from a point where the underside of the tail joins the body in the external urogenital area.	1.0

Schedule 2 Relevant regions for harvest macropods

section 4, definition *relevant region*

Part 1 Eastern grey kangaroo

Central region

The central region for the eastern grey kangaroo consists of—

- (a) the areas of the following local governments—
Balonne, Barcoo, Blackall Tambo, Bulloo, Flinders,
Longreach, Maranoa, McKinlay, Murweh, Paroo,
Quilpie, Richmond and Winton; and
- (b) the areas of the following former shires—
Aramac, Barcaldine, Murilla, Tara, Taroom and
Waggamba.

Eastern region

The eastern region for the eastern grey kangaroo consists of—

- (a) the areas of the following local governments—
Bundaberg, Burdekin, Central Highlands, Charters
Towers, Croydon, Etheridge, Gladstone, Isaac, Lockyer
Valley, North Burnett, Rockhampton, Somerset, South
Burnett, Southern Downs and Toowoomba; and
- (b) the areas of the following former shires—
Banana, Boonah, Bowen, Caboolture, Cardwell,
Chinchilla, Herberton, Inglewood, Jericho, Kilkivan,
Mirani, Tiaro, Wambo and Woocoo; and
- (c) transferring area B.

Part 2 **Red kangaroo**

Central region

The central region for the red kangaroo consists of—

- (a) the areas of the following local governments—
Balonne, Barcoo, Blackall Tambo, Bulloo, Flinders,
Longreach, Maranoa, McKinlay, Murweh, Paroo,
Quilpie, Richmond and Winton; and
- (b) the areas of the following former shires—
Aramac, Barcaldine, Murilla, Tara, Taroom and
Waggamba.

Eastern region

The eastern region for the red kangaroo consists of—

- (a) the areas of the following local governments—
Charters Towers, Croydon and Etheridge; and
- (b) the areas of the following former shires—
Bauhinia, Belyando, Chinchilla, Emerald, Inglewood,
Jericho, Millmerran and Peak Downs.

Western region

The western region for the red kangaroo consists of the areas
of the following local governments—

Bouliia, Burke, Carpentaria, Cloncurry, Diamantina and
Mount Isa.
