- (1) to ensure the continuity and security of the petroleum products supply;
- (2) to ensure the quality of petroleum products;
- (3) to ensure control of the sale price of petroleum products.

2. In this Act, “petroleum product” includes gasoline, diesel or biodiesel fuel, fuel ethanol, heating oil and any liquid hydrocarbon mixture determined by regulation of the Government.

1987, c. 80, s. 2; 1997, c. 64, s. 2; 2005, c. 10, s. 3.

CHAPTER II

QUALITY STANDARDS

1997, c. 64, s. 2; 2005, c. 10, s. 4.

4. Petroleum products must be composed in such a way as to ensure that, in normal conditions of use and when used as intended, they provide satisfactory levels of performance while minimizing the danger to persons, property and the environment.

1987, c. 80, s. 4; 1997, c. 64, s. 2; 2005, c. 10, s. 5.

5. The Government may, by regulation, determine standards and specifications relating to any petroleum product. Such standards and specifications may, in particular, include quality standards and prohibit or require the presence of certain elements in a petroleum product; they may also prescribe the acceptable quantity or proportion of such elements.

No person may manufacture or sell a petroleum product that does not meet the regulatory standards or specifications, except in the cases provided for by regulation.

A regulation setting standards for the integration of renewable fuels into gasoline and diesel may be made by the Government only following a joint recommendation by the minister responsible for the administration of this Act and the minister responsible for the administration of the Environment Quality Act (chapter Q-2).

CHAPTER V

ABUSIVE PRACTICES IN GASOLINE AND DIESEL FUEL SALES

1996, c. 61, s. 139; 1997, c. 64, s. 3.

67. Where, in a given zone, an enterprise sells gasoline or diesel fuel at retail for a price that is lower than the cost to a retailer in that zone of purchasing and reselling that product, the enterprise is presumed to be exercising its rights in an abusive and unreasonable manner, contrary to the requirements of good faith, and to have committed a fault against the retailer.

The court may condemn the enterprise having committed the fault to pay punitive damages.

For the purposes of the first paragraph,

(1) the cost to the retailer is the sum of

(a) the minimum price at the loading ramp published in the periodical designated by the Minister in a notice in the *Gazette officielle du Québec*;

(b) the minimum transportation cost, that is, the cost to the retailer of conveying the product from the refinery to the service station by the most economical means of transportation;

(c) the federal and provincial taxes;

(d) the amount representing operating costs determined by the Régie de l'énergie under section 59 of the Act respecting the Régie de l'énergie (chapter R-6.01), unless the Régie decides otherwise;

(2) a zone is the territory of a local municipality or a sale zone determined by the Régie de l'énergie, where that is the case.

1996, c. 61, s. 139; 1997, c. 64, s. 3.

CHAPTER VI

PRICE CONTROLS

1997, c. 64, s. 4.

68. Where in its opinion such action is required in the public interest, the Government may fix, by an order in council, the maximum price at which a petroleum product may be sold or distributed.

The order in council may concern

(1) one or several petroleum products;

(2) the price or its components, except any component in relation to a duty or tax levied pursuant to any law of the Parliament of Canada;

(3) all or part of the territory of Québec.

1987, c. 80, s. 46; 1997, c. 64, s. 4.

69. Every contract concerning the sale or distribution of petroleum products that stipulates a higher price than that determined by an order in council shall be amended so as to bring the price stipulated in the contract into conformity with that fixed by the order in council.

The contract remains valid between the parties in every other respect.

1987, c. 80, s. 47; 1997, c. 64, s. 4.

70. The Minister may, at any time, order any person to provide him with any required information concerning his sales or distribution of petroleum products other than gasoline and the prices, taxes and duties charged and paid therefor.

1987, c. 80, s. 48; 1997, c. 64, s. 4.

71. Every person must comply with an order given by the Minister.

1987, c. 80, s. 49; 1997, c. 64, s. 4.

72. No person may make a false or misleading declaration or consent to such a declaration in reply to an order given by the Minister.

1987, c. 80, s. 50; 1997, c. 64, s. 4.

73. No person may sell or distribute a petroleum product in Québec at a price higher than that determined by the order in council.

1987, c. 80, s. 51; 1997, c. 64, s. 4.

74. No person may destroy, alter, mutilate or conceal a register, book of account or any other document relating to the sale or distribution of petroleum products.

1987, c. 80, s. 52; 1997, c. 64, s. 4.

75. No person may make a false or misleading entry or consent to the making of such an entry.

1987, c. 80, s. 53; 1997, c. 64, s. 4.

76. No person may omit to make an entry in a register or book of account or consent to the omission of such an entry.

The provisions of this chapter that are applicable to inspectors are also applicable to persons authorized by the Minister under the first paragraph to ensure the enforcement of this Act. The same applies where inspection duties are assigned to the members of the personnel of a municipality as part of a pilot project conducted under the provisions of the Cities and Towns Act (chapter C-19) or the Municipal Code of Québec (chapter C-27.1), as amended by sections 2 and 44 of the Act to amend the Cities and Towns Act, the Municipal Code of Québec and other legislative provisions (1996, chapter 27).

88. To ascertain compliance with this Act and the regulations, an inspector may,

(1) have access, at any reasonable time, to any place where petroleum products are located or where an activity governed by this Act and the regulations thereunder is carried on and inspect such place;

(1.1) take photographs of the premises and of the petroleum products found on the premises;

(2) take samples of any petroleum product with a view to having them analyzed;

(3) examine and make copies of the registers, records and other documents relating to the activities and the petroleum products governed by this Act and the regulations thereunder;

(4) require any information or document relating to the enforcement of this Act and the regulations thereunder;

(5) require any person present on the premises to provide any reasonable assistance.

1987, c. 80, s. 56; 1997, c. 64, s. 8; 2005, c. 10, s. 11.

89. The inspector shall, on request, identify himself and produce a certificate of his quality signed by the Minister.

1987, c. 80, s. 57; 1997, c. 64, s. 9.

90. The Minister may ban the sale or use of a petroleum product not compliant with the standards prescribed by regulation based on the findings of an analysis report to that effect commissioned by an inspector.

1987, c. 80, s. 58; 1997, c. 64, s. 10; 2005, c. 10, s. 12.

91. The Minister shall lift the ban when satisfied that the petroleum product is once again compliant and that noncompliant residues of the product have been disposed of in keeping with the standards prescribed by regulation.

1987, c. 80, s. 59; 1997, c. 64, s. 11; 2005, c. 10, s. 13.

92. The inspector shall give the person in default a notice of correction specifying the irregularities ascertained and the time allowed to correct them.

If the holder of a permit or registration certificate fails to conform to the notice within the time allowed, the Minister may direct the carrying out of the corrective measures specified in the notice at the expense of the person in default.

1987, c. 80, s. 60; 1997, c. 64, s. 12; 2005, c. 10, s. 14.

93. *(Repealed).*
