CROWN LAND FOREST PRODUCE RULES – SECTION 48

(Statutory Instruments 45/1946, 9/1951 and 11/1983)

Commencement [1 August 1946]

1. SHORT TITLE

These Rules may be cited as the Forest, Soil and Water Conservation (Crown Land Forest Produce) Rules.

2. DEFINITIONS

In these Rules, unless the context otherwise requires—

“**forest ranger**” includes any person carrying on the duties of a forest ranger;

“**registered property mark**” means a property mark registered under these Rules, the registration of which has not expired and which is covered by a licence to carry and use the same;

“**remnant**” includes parts of trees that have fallen of which some considerable part has already been worked or destroyed by fire or otherwise.

3. GRANT OF CONCESSIONS

Concessions to cut timber or to extract forest produce may either be put up to tender or to auction or may be granted by the Chief Forest Officer on conditions approved by the Governor General.

4. GRANT OF LICENCES

Licences to cut timber or to extract forest produce may be granted at his or her discretion by the Chief Forest Officer.

5. APPLICATION FOR LICENCES

Applications for licences shall be made in the Form 1 of Schedule 1 to these Rules and shall be addressed to the Chief Forest Officer. Such applications shall state clearly the nature and quantity of the timber required, the purpose for which it is wanted, the area and locality in which it is proposed to cut or extract the same the period for which the licence is required, and such other particulars as may be desirable. Applications for licences for timber to be cut by contractors to Government departments must be accompanied by a certificate of authority from the head of the department concerned or from some officer duly authorised by him or her to issue such certificate.

6. SCOPE OF LICENCES

Licences shall include licences to cut a specified number of trees, a specified quantity of timber, to extract a specified quantity of forest produce in or from a specified area of

Crown lands and Forest Reserves or to burn charcoal on Crown lands. Such licences shall be in the forms included in Schedule 1 to these Rules, namely—

Form 2 — Forest Produce other than timber.

Form 3 — A specified number of trees or quantity of timber.

Form 4 — Timber to burn charcoal on Crown lands.

7. RECEIPTS FOR COMPENSATION

Receipts for compensation for forest offences, for extension fees and for royalties paid under licences in Forms 2, 3 and 4 of Schedule 1 shall be in Form 5 of Schedule 1 to these Rules.

8. PROCEDURE WHERE APPLICANT FOR LICENCE IS ILLITERATE

On receipt of a verbal application for a licence, the Forest Ranger of the locality in which the forest produce is situated shall assist the applicant to fill Part (1) of Form 1 of Schedule 1 and where the applicant is illiterate shall certify the signature or mark.

9. PROCEDURE WHERE ROYALTY IS TO BE PAID ACCORDING TO GIRTH MEASUREMENT

- (1) If the Forest Ranger recommends the issue of a licence in Form 3 where royalty is to be paid according to girth measurement, he or she shall inspect, measure, and stamp with the Government Sale Marking Die the trees applied for, in the presence of the licensee or his or her agent, and shall record in Part (2) of Form 1 their description and girth measurements together with his or her recommendation for a licence. He or she shall then hand the Form 1 to the applicant or his or her agent who shall present it at the Treasury.
- (2) If the Forest Ranger recommends the issue of a licence in Form 3 where royalty is to be paid according to cubical measurement or according to number where shingles are being worked he or she shall stamp with the Government Sale Marking Die such trees or remnants of such trees as he or she considers necessary and shall record their particulars in Part (2) of Form 1 together with his or her recommendation for a licence. He or she shall then hand the Form 1 to the applicant or his or her agent who shall present it at the Treasury.
- (3) No tree or timber stamped under this rule shall be cut or worked until a licence has been issued.

10. DISCRETION OF CHIEF FOREST OFFICER TO GRANT LICENCE

The Chief Forest Officer shall at his or her discretion decide whether or not he or she shall grant a licence and shall note his or her decision on Part (3) of Form 1 Should he or she refuse to grant a licence applied for in Form 3, he or she shall instruct the Forest Ranger to seize with the Government Seizure Mark all trees or remnants which have been marked with the Government Sale Marking Die under rule 9.

11. NATURE OF TREE OR TIMBER TO BE CUT

No tree or timber shall be cut under a licence in Form 3 with royalty paid according to cubical measurement or according to number where shingles are being worked unless it be dead, wind-fallen, diseased, unsound or a remnant or unless the length of workable stem is less than 24 feet. All other trees must be paid for by girth measurement, save where specially authorised by the Chief Forest Officer for silvicultural reasons.

12. ROYALTIES TO BE PAID BEFORE DELIVERY OF LICENCE

All royalties payable under licences shall be paid before such licences are delivered to the licensee or his or her agent.

13. CONDITION OF CUTTING TREES OR REMNANTS

No tree or remnant shall be cut under a licence in Form 3 unless the same has been stamped with the Government Sale Marking Die by an Officer duly authorised in that behalf, in the presence of the licensee or his or her agent, and the girth measurement of every such tree, and the measurement of every such remnant shall be recorded on the licence. No green standing tree of Classes I and II shall be stamped for cutting or shall be cut under a licence in Form 3 unless it exceeds at the point at which it is measured the minimum girth shown in the right hand column in Schedule IV to these Rules.

14. MEASUREMENT OF TREES TO BE CUT

All trees exceeding 5 feet in girth to be cut under any licence granted under these Rules on which royalty is calculated according to their girth measurements shall be measured at height of 4 feet 3 inches from the ground. However, if the tree has large buttresses its girth may be measured at such height from the ground not exceeding 8 feet as represents the junction of the top of the buttresses with the trunk, and a note to that effect must be made on the licence form. Trees of less than 5 feet in girth shall be measured for the calculation of royalty at such lesser height from the ground at which they are to be cut. In all cases where trees are to be cut at a height less than 4 feet 3 inches from the ground, the forest ranger shall make a check measurement at a point below that at which the tree is to be cut, and shall record such measurement on the licence.

15. MARKING OF TREES TO BE CUT

No tree or remnant shall be cut under licence in Form 3 until the same has been marked in paint or tar with the serial number allotted by the forest ranger, and either with the initials of the licensee in letters not less than 3 inches high, or with his or her registered property mark, on a blaze prepared for that purpose by the licensee or his or her agent.

16. PROHIBITION AGAINST REMOVAL OF TIMBER

No timber shall be removed from any tree or remnant cut under a licence in Form 3 nor any other produce cut under a licence in Form 2 until all royalty payable under such licence in addition to that already paid under rule 11 has been paid and receipt for such payment has been obtained from the Treasury and a removal permit has been obtained from an officer duly authorised to grant the same.

17. GRANT OF REMOVAL PERMITS

Removal permits shall be in Form 6 of Schedule 1 to these Rules and shall be granted by such person as may be duly authorised in writing in that behalf by the Chief Forest Officer. The date of expiry of a removal permit in Form 6 shall in no case be later than the date of expiry (including extensions if any) of the licence under which the timber to be removed was cut. Such licence must be presented to the Officer issuing the permit when a removal permit is applied for.

18. CONDITIONS CONCERNING GRANT OF REMOVAL PERMIT

No removal permit shall be granted for any timber cut under a licence in Form 3 until each piece has been stamped with a Government Sale Marking Die by an officer duly authorised in that behalf. It shall be the duty of the licensee to have the timber so arranged as to facilitate the stamping of the same. Each piece of timber to be removed that exceeds $\frac{1}{2}$ a cubic foot in measurement must, in addition, be clearly marked in paint or tar with a serial number, with the initials of the licensee in letters not less than 3 inches high and with the serial number of the tree by the licensee or his or her agent. However, such timber may be marked with the licensee's registered property mark instead of with his or her initials in paint or tar and the serial numbers may, in like manner, be stamped in figures not less than $\frac{3}{4}$ of an inch high.

19. PROHIBITION AGAINST GRANT OF REMOVAL PERMIT TILL PAYMENT MADE FOR TIMBER

No removal permit shall be granted for any timber on which royalty is payable by the cubic foot obtained from a tree or remnant cut under a licence in Form 3 until all marketable timber obtainable from such tree or remnant has been fashioned and paid for.

20. ROYALTY PAID ON SOUND TIMBER BY THE CUBIC FOOT

If any tree to be cut under any licence granted under these Rules, on which royalty is calculated according to its girth measurements, should prove to be unsound, the licensee shall work up all sound timber in such tree and shall pay royalty thereon by the cubic foot; and the Forest Ranger may stamp another tree of as nearly as possible the same size, and the licensee shall pay any increase of royalty which may thereby be incurred.

21. RETURN OF EXPIRED LICENCES

Every licence granted under these Rules shall be returned to the Officer who granted the same on its expiry, or on any previous date on which work under it has been completed; and all timber or other forest produce cut, collected or extracted under it that has not been removed under a duly authorised removal permit, shall remain the property of the Crown free of all claims unless such licence has been extended by the proper officer. A fee of \$0.48 a week may be charged for any such extension unless otherwise provided in such licence. Every receipt for such fee shall be in Form 5. Every such extension shall commence from the date of expiry of the licence or the date of expiry of any previous extension. Such extension shall be obtained on a certificate of the Forest Ranger, showing the amount of work remaining to be done under the licence.

22. CONDITIONS TO BE OBSERVED BEFORE TIMBER OR FOREST PRODUCE BECOMES PROPERTY OF LICENSEE

No timber or other forest produce cut, collected or extracted under a licence granted under these Rules shall become the property of the licensee until all royalties and dues payable in respect of such timber or forest produce have been paid, and until a receipt in Form 5 has been obtained from the Treasury and until such timber or forest produce has been removed under a duly issued removal permit or licence permitting removal.

23. PAYMENT OF ROYALTIES AND DUES

The royalties and dues payable under licences granted under these Rules with respect to the items listed in Schedules 2 and 3 shall be as prescribed by the Chief Forest Officer. The species and classes of timber and other forest produce listed therein may be reassessed by the Chief Forest Officer as deemed necessary. (*Substituted by S.I. 11/1983*)

24. LICENCES TO POSSESS, CARRY AND USE A PROPERTY MARK

Licences to possess, carry and use a registered property mark on Crown land shall be granted by the Chief Forest Officer in Form 7 of Schedule 1, and shall be subject to the conditions therein stated.

25. DISCRETION IN CHIEF FOREST OFFICER TO REFUSE TO REGISTER PROPERTY MARK

- (1) The Chief Forest Officer at his or her discretion may refuse to register any property mark on account of its similarity to any existing mark, or to any mark used by forest officers, or for any other reason which to him or her may seem sufficient.
- (2) Registration of a property mark shall hold good from the date of such registration until the following 31 December and for the next succeeding 2 years, and registration of a classification mark shall hold good for the same period as that for which the property mark to which its subsidiary is registered.

26. USE OF REGISTERED PROPERTY MARK

A registered property mark shall, so long as its registration has not expired and it is covered by an unexpired licence to carry and use the same, be available for use on any Crown land within Saint Lucia.

27. DESIGN OF REGISTERED PROPERTY MARK

The design of a registered property mark may be borne by one or more hammers. When the design of such property mark is borne by more than one hammer, each hammer after the first shall be numbered serially from the number 2 onwards, to denote that it forms one of a series of hammers registered as the same mark. No additional registration fee shall be payable in respect of such additional hammers, but any modification or

alteration, other than the addition of such number, in the design of such mark shall be separately registered.

28. FEES PAYABLE ON REGISTRATION OF PROPERTY MARK

Fees for the registration of property marks shall be as follows—

For each property mark registered..... \$20.00

For each year for which the registration
of a property mark is renewed \$10.00

For the transfer of a property mark..... \$15.00

(Substituted by S.I. 11/1983)

29. RENEWAL OF REGISTRATION OF PROPERTY MARK

Every renewal of the registration of a property mark shall commence from the date of expiry of the original registration or of the last subsequent renewal of such registration.

30. CERTIFICATE TO BE GRANTED ON REGISTRATION

The Chief Forest Officer on registering a property mark shall grant to the owner thereof a certificate in Form 8 of Schedule 1 to these Rules.

31. CONDITION OF GRANT OF REGISTRATION OR RENEWAL OF PROPERTY MARK

No registration or renewal of the registration of a property mark shall be granted until the fees payable in respect of such registration or renewal of registration have been duly paid.

32. PENALTY

Any person who—

- (a) marks any standing tree or any timber on Crown land with a marking hammer or other implement for impressing marks on timber other than a property mark or a classification mark duly registered under these Rules, the registration of which has not expired and which is covered by an unexpired licence granted by a duly authorised forest officer; or
- (b) impresses any property mark or classification mark on any tree or timber on Crown land save under the authority of a duly authorised forest officer; or
- (c) alters, defaces or obliterates any registered property mark or classification mark placed on any tree or timber under the authority of a duly authorised forest officer; or
- (d) impresses a classification mark on any timber on Crown land which does not already bear the impressed property mark of the owner of such classification mark

is liable on summary conviction to a penalty not exceeding \$ 48 or in default to imprisonment with or without hard labour for a term not exceeding 2 months and in addition to such punishment, the registration of his or her property mark may be cancelled.

33. CANCELLATION OF LICENCE ON BREACH OF ANY RULE

Breach of any of these Rules or of the conditions of any licence granted under them shall render any such licence liable to cancellation in addition to the forfeiture of all claims to timber or forest produce cut, collected or extracted under such licence.

34. FEES

For every licence issued in Form 3 a fee of \$1 is payable, and must be paid before the licence is issued.
