"resident" means a person ordinarily resident in the United Republic;

(2) Every game licence shall be valid only in relation to the area, if any, specified therein and shall not constitute an authority for hunting in any other area.

4. The fee for a game licence issued to a resident individual shall be such as is prescribed in the Third Schedule to these Regulations:

Provided that it shall be lawful for the Director to levy additional fee for any animal hunted in a game reserve.

5. A resident licence shall authorize the holder thereof to hunt not more than one animal of the species specified in the licence:

7. A licence granted to an authorised association for the hunting of any animal specified in the Third Schedule may be issued free or subject to such fee as the minister may, from time to time, determine and any determination made by the minister under this Regulation shall be deemed to be a condition annexed to the licence granted to such association.
