(a) the Heritage Council has no interest in the discretionary permit application; or

(b) the Heritage Council wishes to be involved in determining the discretionary permit application.

(4) If the Heritage Council notifies the relevant planning authority that it wishes to be involved in determining a discretionary permit application, it may state in the notification that, to further consider the discretionary permit application under section 39, it requires additional information as specified in the notification.

### 37. Procedure if Heritage Council requires additional information to consider discretionary permit application

(1) This section applies if, in respect of a discretionary permit application, the Heritage Council gives the relevant planning authority a notification referred to in section 36(3)(b) that states that the Heritage Council requires additional information as specified in the notification.

(2) As soon as practicable after receiving the notification referred to in subsection (1), the relevant planning authority must, as if it were exercising its power under section 54 of the Planning Act, require the applicant to provide it with the additional information required by the notification.

(3) As soon as practicable after receiving the additional information, the relevant planning authority must give it to the Heritage Council.

(4) As soon as practicable after receiving the additional information from the relevant planning authority (and in any event within the period specified in section 54(3) of the Planning Act), the Heritage Council must notify the relevant planning authority as to whether or not it is satisfied that the additional information answers the requirement in the notification referred to in subsection (1).

(5) For the purposes of section 54 of the Planning Act, the relevant planning authority is satisfied that the additional information answers the requirement in the notification referred to in subsection (1) when, and only when, notified by the Heritage Council that it is so satisfied.

### 38. Procedure if Heritage Council has no interest in discretionary permit application

(1) This section applies if, in respect of a discretionary permit application

(a) the Heritage Council gives the relevant planning authority the

notification referred to in section 36(3)(a); or

(b) the Heritage Council fails to give the relevant planning authority a notification of any kind under section 36(3) within the time that section requires.

(3) If, but for section 34(2), no permit (discretionary or otherwise) in respect of the relevant heritage works would have been required under the Planning Act

(a) the discretionary permit application is taken to have been withdrawn; and

(b) the relevant planning authority is to notify the applicant and the Heritage Council that a permit is not so required and that the discretionary permit application is so taken to have been withdrawn.

(4) If, but for section 34(2), a discretionary permit would not have been required under the Planning Act but another permit would have been so required in respect of the relevant heritage works, the discretionary permit application is taken to be an application made under the appropriate section of the Planning Act for that other permit and the relevant planning authority is to

(a) determine the application under the appropriate provisions of Division 2A of Part 3, or Division 2 of Part 4, of the Planning Act; and

(b) once it has determined the application, notify the Heritage Council of that determination.

(5) If a discretionary permit is required under the Planning Act in respect of the relevant heritage works regardless of the operation of section 34(2), the relevant planning authority is to

(a) determine the discretionary permit application under the appropriate provisions of Division 2A of Part 3, or Division 2 of Part 4, of the Planning Act; and

(b) once it has determined the discretionary permit application, notify the Heritage Council of that determination.

(6) The Heritage Council is not entitled to

(a) make representations under the Planning Act in relation to the withdrawal of the discretionary permit application by reason of subsection (3)(a) or the determination of the discretionary permit application (whether as a discretionary permit application or as another permit application under the Planning Act) pursuant to subsection (5)(a) or subsection (4)(a); or

(b) take any other action in relation to the discretionary permit application or the relevant heritage works.

### 39. Procedure if Heritage Council wishes to be involved in determining discretionary permit application

(1) This section applies if, in respect of a discretionary permit application, the Heritage Council gives the relevant planning authority the notification referred to in section 36(3)(b).

(2) The Heritage Council is to further consider the discretionary permit application and in so doing

the applicant of the Heritage Council's requirement.

(4) As soon as practicable after receiving a representation in relation to the discretionary permit application, the relevant planning authority must give a copy of the representation to the Heritage Council.

(5) As soon as practicable after an extension of the period within which the relevant planning authority must grant or refuse to grant the discretionary permit application is agreed under section 57(6)(b)(i) or (ii) or section 57(6A) of the Planning Act, the relevant planning authority must notify the Heritage Council of the extension.

(6) Before the prescribed period expires, the Heritage Council is to notify the relevant planning authority that

- (a) the Heritage Council consents to the discretionary permit being granted; or
- (b) the Heritage Council consents to the discretionary permit being granted subject to the conditions specified in the notification; or
- (c) the discretionary permit should be refused.

(7) For the purposes of subsection (6)(b), the Heritage Council may, without limiting its discretion, specify conditions that

- (a) set standards by which the heritage works are to be carried out; and
- (b) require that suitably qualified persons be engaged to supervise, manage or do the heritage works or any part or stage of the heritage works; and
- (c) require that arrangements be made for the curation and storage of items removed from the registered place or heritage area; and
- (d) require that a photographic or other record be made of the heritage works or any part or stage of the heritage works.

(8) If subsection (6)(a) applies or the Heritage Council fails to give the relevant planning authority a notification of any kind under subsection (6) within the prescribed period

(a) the relevant planning authority may determine the discretionary permit application without further reference to the Heritage Council; and

(b) the Heritage Council is not entitled to take any further action in relation to the discretionary permit application or the relevant heritage works; and

(c) once it has determined the discretionary permit application, the relevant planning authority is to notify the Heritage Council of its determination.

(9) If subsection (6)(b) applies and the relevant planning authority grants the discretionary permit

(a) it must do so subject to (at least) the conditions required by the Heritage Council; and

(b) it must not make the discretionary permit subject to a condition that conflicts with any condition required by the Heritage Council.

(10) If subsection (6)(c) applies, the relevant planning authority must refuse to grant the discretionary permit.

(11) If the relevant planning authority grants the discretionary permit, it must give a copy of the discretionary permit to the Heritage Council.

(12) In this section

prescribed period means

#### 40. Consideration, &c., of application under delegation

(1) This section applies if the responsibilities of the Heritage Council under section 36 are discharged by a delegate of the Heritage Council.

(2) The delegate is to keep the Heritage Council informed of all decisions taken by the delegate, under and in relation to this Part, regarding the relevant application.

#### 41. Correction and minor amendment of permits

(1) This section applies if, pursuant to section 55 or 56 of the Planning Act, a planning authority intends to make any correction or minor amendment of a discretionary permit in respect of which it has been given a notification by the Heritage Council under section 39(6)(a) or (b).

(2) Before making the correction or minor amendment, the planning authority must

(a) consult the Heritage Council; and

(b) have regard to any submissions made by the Heritage Council pursuant to that consultation.

(3) However, the planning authority is not obliged to comply with subsection (2) if it reasonably determines that the correction or minor amendment will have no impact on

(a) historic cultural heritage significance; or

(b) any permit condition required by the Heritage Council under section 39(6)(b).

#### 42. Certificates of exemption for heritage works

(1) A person may apply to the Heritage Council for a certificate of exemption for heritage works.

(b) is to be supported by such information as the Heritage Council requires, either at the time of lodgment or subsequently.

(3) The Heritage Council may

(a) approve the exemption certificate application; or

(b) refuse the exemption certificate application.

(4) Without limiting its discretion, the Heritage Council must approve the exemption certificate application if it is reasonably satisfied that the heritage works

(a) are identified in the works guidelines as works that will have no impact or only negligible impact on the historic cultural heritage significance of the relevant registered place or heritage area; and

(b) are capable of being carried out in accordance with the works guidelines.

(5) If subsection (3)(b) applies, the Heritage Council is to notify the applicant of

(a) the refusal; and

(b) the reasons for the refusal.

(6) If subsection (3)(a) applies, the Heritage Council is to

(a) issue the applicant with the certificate of exemption; and

(b) immediately give the relevant planning authority a copy of the certificate of exemption.

(7) If issued, the certificate of exemption may be in such form and contain such information as the Heritage Council determines but it must clearly identify

- (a) the heritage works for which it is issued; and
- (b) the registered place or heritage area in relation to which those heritage works may be carried out.

(8) In this section

heritage works means

- (a) specific heritage works; or
