- (10) Where, in proceedings under this regulation, the Court is satisfied that an economic operator would have had a real chance of being awarded a contract or winning a design contest if that chance had not been adversely affected by a breach of the duty owed to it by the incumbent undertaker in accordance with paragraph (1), the economic operator shall be entitled to damages amounting to its costs in preparing its tender and in participating in the procedure leading to the award of the contract or its costs of participating in the procedure leading to the determination of the design contest.
