Subchapter 1: GENERAL PROVISIONS

§2101. SOLID WASTE MANAGEMENT HIERARCHY

1. Priorities. It is the policy of the State to plan for and implement an integrated approach to solid waste management for solid waste generated in this State and solid waste imported into this State, which must be based on the following order of priority:

- A. Reduction of waste generated at the source, including both amount and toxicity of the waste; [1989, c. 585, Pt. A, §7 (NEW).]
- B. Reuse of waste; [1989, c. 585, Pt. A, §7 (NEW).]
- C. Recycling of waste; [1989, c. 585, Pt. A, §7 (NEW).]
- D. Composting of biodegradable waste; [1989, c. 585, Pt. A, §7 (NEW).]
- E. Waste processing that reduces the volume of waste needing land disposal, including incineration; and [2007, c. 583, §7 (AMD).]
- F. Land disposal of waste. [1989, c. 585, Pt. A, §7 (NEW).]

It is the policy of the State to use the order of priority in this subsection as a guiding principle in making decisions related to solid waste management.

[2007, c. 583, §7 (AMD) .]

2. Waste reduction and diversion. It is the policy of the State to actively promote and encourage waste reduction measures from all sources and maximize waste diversion efforts by encouraging new and expanded uses of solid waste generated in this State as a resource.

The state plan includes the following elements. [1995, c. 465, Pt. A, §36 (NEW); 1995, c. 465, Pt. C, §2 (AFF).]

1. Waste characterization. The state plan must be based on a comprehensive analysis of solid waste generated, recycled and disposed of in the State. Data collected must include, but not be limited to, the source, type and amount of waste currently generated; and the costs and types of waste management employed including recycling, composting, landspreading, incineration or landfilling.

2. Waste reduction and recycling assessment. The state plan must include an assessment of the extent to which waste generation could be reduced at the source and the extent to which recycling can be increased.

[1995, c. 465, Pt. A, §36 (NEW); 1995, c. 465, Pt. C, §2 (AFF) .]

3. Determination of existing and potential disposal capacity. The state plan must identify existing solid waste disposal and management capacity within the State and the potential for expansion of that capacity.

[1995, c. 465, Pt. A, §36 (NEW); 1995, c. 465, Pt. C, §2 (AFF) .]

§2124-A. SOLID WASTE GENERATION AND DISPOSAL CAPACITY REPORT

By January 1, 2020 and biennially thereafter, the department shall submit a report to the joint standing committee of the Legislature having jurisdiction over environmental and natural resources matters and the Governor setting forth information on statewide generation of solid waste, statewide recycling rates and available disposal capacity for solid waste. [2017, c. 376, §2 (AMD).]

The report submitted under this section must include an analysis of how changes in available disposal capacity have affected or are likely to affect disposal prices. When the department determines that a decline in available landfill capacity has generated or has the potential to generate supracompetitive prices, the department shall include this finding in its report and shall include recommendations for legislative or regulatory changes as necessary. [2011, c. 655, Pt. GG, §31 (AMD); 2011, c. 655, Pt. GG, §70 (AFF).]

The report submitted under this section must include an analysis of how the rate of fill at each solid waste landfill has affected the expected lifespan of that solid waste landfill and an analysis of consolidation of ownership in the disposal, collection, recycling and hauling of solid waste. [2013, c. 300, §19 (AMD).]

The joint standing committee of the Legislature having jurisdiction over solid waste matters may report out legislation related to the report submitted pursuant to this section. [2007, c. 583, §8 (NEW).]

Subchapter 3: WASTE REDUCTION AND RECYCLING

§2131. OFFICE OF WASTE REDUCTION AND RECYCLING; ESTABLISHED

(REPEALED)

SECTION HISTORY

1989, c. 585, §A7 (NEW). 1995, c. 465, §C2 (AFF). 1995, c. 465, §A40 (RP).

§2132. STATE GOALS

1. State recycling goal. It is the goal of the State to recycle or compost, by January 1, 2021, 50% of the municipal solid waste tonnage generated each year within the State.

[2015, c. 461, §2 (AMD) .]

1-A. State waste reduction goal.

[2015, c. 461, §3 (RP) .]

1-B. State waste disposal reduction goal. It is the goal of the State to reduce the statewide per capita disposal rate of municipal solid waste tonnage to 0.55 tons disposed per capita by January 1, 2019 and to further reduce the statewide per capita disposal rate by an additional 5% every 5 years thereafter. The baseline for calculating this reduction is the 2014 solid waste generation and disposal capacity data gathered by the department.

[2015, c. 461, §4 (NEW) .]

2. Goal revision. The department shall recommend revisions, if appropriate, to the state recycling goal and waste disposal reduction goal established in this section. The department shall submit its recommendations and any implementing legislation to the joint standing committee of the Legislature having jurisdiction over natural resource matters.

[2015, c. 461, §5 (AMD) .]

3. Beneficial use of waste. The use of waste paper, waste plastics, waste wood, including wood from demolition debris, used motor vehicle tires or corrugated cardboard as a fuel in industrial boilers or waste-to-energy facilities for the generation of heat, steam or electricity constitutes recycling only for the purposes of determining whether the goals in subsection 1 are met and for determining municipal progress as provided in section 2133. In order for the use of waste under this subsection to constitute recycling, the department must determine that there is no reasonably available market in the State for recycling that waste and the wastes must be incinerated as a substitute for, or supplement to, fossil or biomass fuels incinerated in the industrial boiler or waste-to-energy facility.

[2011, c. 655, Pt. GG, §32 (AMD); 2011, c. 655, Pt. GG, §70 (AFF) .]

4. Reduction in dioxin. It is the policy of the State to reduce the total release of dioxin and mercury to the environment with the goal of its continued minimization and, where feasible, ultimate elimination.

- (2) Provision of convenient and available statewide collection of post-consumer paint from entities covered by the program in all areas of the State;
- (3) Management of post-consumer paint using environmentally sound management practices in an economically sound manner, including following the paint waste management hierarchy of source reduction, reuse, recycling, energy recovery and disposal;
- (4) Establishment of a process for managing paint containers collected under the program, including recycling all recyclable containers;
- (5) Negotiation and execution by the operator of agreements to collect, transport, reuse, recycle, burn for energy recovery and dispose of post-consumer paint using environmentally sound management practices; and
- (6) Provision of education and outreach efforts by the operator to promote the program. The education and outreach efforts must include strategies for reaching consumers in all areas of the State and the method the program will use to evaluate the effectiveness of its education and outreach efforts; [2013 , c . 395 , §1 (NEW) .]

B. Contact information for all persons that will be responsible for the operation of the paint stewardship program and a list of paint brands and producers covered under the program; [2013 , c . 395 , §1 (NEW) .]

C. Goals as may be practical to reduce the generation of post-consumer paint, to promote the reuse and recycling of post-consumer paint, for the overall collection of post-consumer paint and for the proper end-of-life management of post-consumer paint. The goals may be revised by a representative organization based on information collected annually; [2013 , c . 395 , §1 (NEW) .]

D. A list of all potential processors that will be used to manage post-consumer paint collected by the paint stewardship program, a list of each collection site name and location that will accept post-consumer paint under the program and a list of all processors that will be used for final disposition; [2013, c. 395, §1 (NEW) .]

E. A method to determine the number and geographic distribution of paint collection sites based on the use of geographic information modeling. The plan must provide that at least 90% of state residents have a permanent paint collection site within a 15-mile radius of their residences, unless the commissioner determines that the 90% requirement is not practicable due to geographical constraints. If the commissioner determines the 90% requirement is not practicable, the commissioner may approve a plan that includes a geographic distribution of paint collection sites that is practicable. The distribution of paint collection sites must include at least one additional paint collection site for each 30,000 residents in a population center that is located to provide convenient and reasonably equitable access for residents within the population center unless otherwise approved by the commissioner; [2013, c. 395, §1 (NEW) .]

F. Identification of the ways in which the program will coordinate with existing solid waste collection programs and events, including strategies to reach the State's residents that do not have a permanent paint collection site within a 15-mile radius of their residences and to ensure adequate coverage of service center communities as defined in Title 30-A, section 4301, subsection 14-A; [2013, c. 395, §1 (NEW) .]

I. A description of how post-consumer paint collected under this section will be managed at each collection site, including how post-consumer paint will be labeled, provisions for secondary containment and protecting post-consumer paint from weather and a description of how subsection 5-A, paragraph G will be satisfied. [2015, c. 331, §5 (AMD) .]

J. [2015, c. 331, §6 (RP) .]

K. [2015, c. 331, §6 (RP) .]

[2015, c. 331, §§5, 6 (AMD) .]

3. Approval of plan. The commissioner shall review a plan submitted under subsection 2 and make a determination of whether to approve the plan within 120 days of receipt. The commissioner shall make the plan available for public review for at least 30 days prior to making a determination of whether to approve the plan. The commissioner shall approve a plan if the commissioner determines that the plan demonstrates the ability of the paint stewardship program to meet the goals specified in subsection 2, paragraph A and meets the other requirements for submission of a plan under subsection 2. The commissioner's approval of a plan must include approval of the method by which the program will be funded. The commissioner shall require the person submitting the plan to provide an independent audit indicating the appropriateness of the proposed paint stewardship assessment.

If a plan is rejected, the commissioner shall provide the reasons for rejecting the plan to the person submitting the plan. The person submitting the plan may submit an amended plan within 60 days of a rejection.

[2013, c. 395, §1 (NEW) .]

4. Funding of paint stewardship program. An operator of a paint stewardship program shall administer a paint stewardship assessment for all architectural paint sold in the State. The amount of the paint stewardship assessment must be approved by the commissioner under subsection 3 and must be sufficient

to recover, but may not exceed, the cost of the paint stewardship program. If the funds generated by the program exceed the amount necessary to operate the program, excess funds must be used to reduce future paint stewardship assessments or improve services under the program.

A. A paint stewardship assessment must be added to the cost of all architectural paint sold to retailers and distributors in the State. A retailer or distributor shall add the paint stewardship assessment to the consumer's purchase price of the architectural paint sold by that retailer or distributor. A producer or a representative organization may not charge a paint stewardship assessment at the time of post-consumer paint collection. The collection of the paint stewardship assessment must commence no later than the implementation date established in subsection 5, paragraph A. [2013, c. 395, §1 (NEW).]

B. An architectural paint producer participating in a representative organization shall remit to the representative organization payment of the paint stewardship assessment for each container of architectural paint it sells in the State. [2013, c. 395, §1 (NEW).]

[2013, c. 395, §1 (NEW) .]

5. Operation of paint stewardship program. A paint stewardship program must be operated as follows.

A. Unless an earlier implementation date is proposed in a plan and approved by the commissioner, beginning July 1, 2015 or 3 months after a plan is approved by the commissioner under subsection 3, whichever occurs later, a producer or a representative organization shall implement the plan. If an earlier implementation date is proposed in a plan and approved by the commissioner, a producer or representative organization shall implement the plan beginning on that date. [2013, c. 483, §1 (AMD) .]

B. Upon implementation of the plan, a producer may not sell or offer for sale architectural paint in the State unless the producer or a representative organization of which the producer is a member participates in a paint stewardship program. A representative organization shall notify the department of all producers participating in a paint stewardship program operated by the representative organization. [2013, c. 395, §1 (NEW) .]

C. A producer or a representative organization shall provide consumers and retailers with educational materials regarding the paint stewardship assessment and paint stewardship program. Such materials must include, but are not limited to, information regarding available end-of-life management options for architectural paint offered through the paint stewardship program, promoting waste prevention, reuse and recycling and notifying consumers that a charge for the operation of the paint stewardship program is included in the purchase price of all architectural paint sold in the State. These materials may include, but are not limited to, the following:

- (1) Signage that is prominently displayed and easily visible to the consumer;
- (2) Printed materials and templates of materials for reproduction by retailers to be provided to the consumer at the time of purchase or delivery;
- (3) Advertising or other promotional materials that include references to the paint stewardship program; and
- (4) A manual for paint retailers providing collection site procedures to ensure the use of environmentally sound management practices when handling architectural paints. [2013, c. 395, §1 (NEW) .]

D. A producer or a representative organization that organizes the collection, transportation and processing of post-consumer paint, in accordance with a paint stewardship program, is immune from liability for any claim of a violation of antitrust, restraint of trade or unfair trade practice, including claims pursuant to Title 10, chapter 201, arising from conduct undertaken in accordance with the paint stewardship program. [2013, c. 395, §1 (NEW) .]

E. By October 15, 2016, and annually thereafter, the operator of a paint stewardship program shall submit a report to the commissioner regarding the paint stewardship program. If implementation of a plan begins before December 31, 2014, the commissioner may establish an earlier date for submission of the initial report. The report must include, but is not limited to:

- (1) A description of the methods used to collect, transport, reduce, reuse and process post-consumer paint in the State;
- (2) The volume of post-consumer paint collected in the State;
- (3) The volume and type of post-consumer paint collected in the State by method of disposition, including reuse, recycling and other methods of processing;
- (4) The total cost of implementing the paint stewardship program, as determined by an independent financial audit funded from the paint stewardship assessment. The report of total cost must include a breakdown of administrative, collection, transportation, disposition and communication costs;
- (5) A summary of outreach and educational activities undertaken and samples of educational materials provided to consumers of architectural paint;
- (6) The total volume of post-consumer paint collected by the paint stewardship program and a breakdown of the volume collected at each collection site;
- (7) Based on the paint stewardship assessment collected by the paint stewardship program, the total volume of architectural paint sold in the State during the preceding year;
- (8) A list of all processors, including recyclers and disposers, used to manage post-consumer paint collected by the paint stewardship program in the preceding year up to the paint's final disposition, the volume each processor accepted and the disposition method used by each processor; and
- (9) An evaluation of the effectiveness of the paint stewardship program compared to prior years and anticipated steps, if any are needed, to improve performance throughout the State. [2015, c. 331, §7 (AMD).]

F. Reports submitted to the department under this section must be made available to the public on the department's publicly accessible website, except that proprietary information submitted to the department in a plan, in an amendment to a plan or pursuant to reporting requirements of this section that is identified by the submitter as proprietary information is confidential and must be handled by the department in the same manner as confidential information is handled under section 1310-B.

As used in this paragraph, "proprietary information" means information that is a trade secret or production, commercial or financial information the disclosure of which would impair the competitive position of the submitter and would make available information not otherwise publicly available. [2013, c. 395, §1 (NEW).]

G. A producer or representative organization shall submit to the department for approval a request to amend an approved plan if the producer or representative organization proposes to:

- (1) Change the paint stewardship assessment;
- (2) Cover an additional product under the plan; or
- (3) Modify the goals of the plan. [2013, c. 395, §1 (NEW).]

[2013, c. 483, §§1, 2 (AMD); 2015, c. 331, §7 (AMD) .]

5-A. Requirements for collection sites. This subsection applies to collection sites.

A. Within 30 days of commencement of an approved paint stewardship program, a producer or representative organization shall notify the department of the name and location of each collection site added to or deleted from the list of collection sites provided under subsection 2, paragraph D. [2015, c. 331, §8 (NEW).]

B. A collection site shall track all outgoing shipments of post-consumer paint on a manifest or a bill of lading. The collection site shall maintain these records for at least 3 years. [2015 , c. 331 , §8 (NEW) .]

C. A collection site shall maintain a record for each drop-off of post-consumer paint that is a hazardous waste from an entity other than a household, including the name and address of the entity, the date of the drop-off and a description and quantity of the post-consumer paint that is a hazardous waste. The collection site shall maintain these records for at least 3 years. [2015 , c. 331 , §8 (NEW) .]

D. A collection site shall store post-consumer paint in structurally sound collection containers that show no visible evidence of leakage, spillage or damage that could cause leakage under reasonably foreseeable conditions, in a secure area, away from ignition sources, storm drains and floor drains. A collection container must be kept closed except when adding containers of post-consumer paint that have been collected from consumers. A collection container must be labeled with the words "Waste Paint." A collection site may not store more than 5,000 kilograms of post-consumer paint that is a hazardous waste at any one time. A collection site may store collected post-consumer paint that is a hazardous waste for up to one year. [2015 , c. 331 , §8 (NEW) .]

E. A collection site may accept post-consumer paint that is a hazardous waste only from households and from conditionally exempt small quantity generators. [2015 , c. 331 , §8 (NEW) .]

F. A collection site shall immediately contain and clean up any discharge or release of post-consumer paint that is a hazardous waste. [2015 , c. 331 , §8 (NEW) .]

G. A collection site shall limit its activities to the collection and storage of post-consumer paint, except that transfer stations and operations that otherwise collect household hazardous waste may remove post-consumer paint that is a hazardous waste from the paint's original container and mix or consolidate that paint, as long as all transfer and mixing or consolidation activities are conducted over secondary containment and as long as any discharges or releases of hazardous waste, as defined in 40 Code of Federal Regulations, Part 261, Subparts C and D, are contained and cleaned up to the department's satisfaction. [2015 , c. 331 , §8 (NEW) .]

H. A collection site shall ensure that it receives training from the producer or representative organization that implements the paint stewardship program on how to properly inspect and store post-consumer paint and shall maintain training manuals issued by the producer or representative organization. [2015 , c. 331 , §8 (NEW) .]

I. A collection site shall ship post-consumer paint that is a hazardous waste to a universal waste consolidation facility or to a recycling, treatment, storage or disposal facility that is authorized to receive universal waste. [2015 , c. 331 , §8 (NEW) .]

J. A collection site that accepts only post-consumer paint and post-consumer paint that is a hazardous waste under an approved plan from households and from conditionally exempt small quantity generators is not a central accumulation facility and does not require a hazardous waste identification number from the federal Environmental Protection Agency. Nothing in this section is intended to exempt a collection site from being considered a central accumulation facility or from being required to obtain a hazardous waste identification number based on activities unrelated to a paint stewardship program. [2015 , c. 331 , §8 (NEW) .]

[2015 , c. 331 , §8 (NEW) .]

6. Administration and enforcement of program. The department shall enforce this section and may adopt rules as necessary for the purposes of implementing, administering and enforcing this section.

A. Except as may otherwise be required under federal law or by the producer or representative organization under an approved plan, the department may not impose a requirement by rule or otherwise on a collection site regarding the collection, handling, record-keeping, storage or shipping of post-consumer paint that is more stringent than the requirements of this section for collection sites. [2015 , c. 331 , §9 (NEW) .]

B. A collection site that complies with the requirements of this section and that uses environmentally sound management practices is not subject to penalties for violation of the department's rules related to post-consumer paint. [2015, c. 331, §9 (NEW).]

C. The department shall charge a reasonable fee to be paid by an applicant for approval of a paint stewardship program for review of the plan. The department may establish a reasonable annual fee to cover the actual costs for annual report review, oversight, administration and enforcement. Fees established under this paragraph may not exceed the greater of \$82,000 per year and 1% of total program costs as set forth in the independent financial auditing report required under subsection 5. [2015, c. 331, §9 (NEW).]

[2015, c. 331, §9 (AMD) .]

7. Retailers. Unless an earlier implementation date is approved by the commissioner pursuant to subsection 5, paragraph A, beginning July 1, 2015 or 3 months after a plan is approved by the commissioner under subsection 3, whichever occurs later, a retailer may not sell architectural paint unless, on the date the retailer orders the architectural paint from the producer or its agent, the producer or the paint brand is listed on the department's publicly accessible website as implementing or participating in an approved paint stewardship program. A retailer may participate as a paint collection point pursuant to the paint stewardship program on a voluntary basis and pursuant to all applicable laws and rules. A retailer that collects post-consumer paint must follow a collection site procedure manual developed by a producer or representative organization to ensure the use of environmentally sound management practices when handling architectural paints at collection locations. If an earlier implementation date is approved by the commissioner pursuant to subsection 5, paragraph A, the provisions of this subsection apply with respect to the plan as of that date.

[2013, c. 483, §3 (AMD) .]

8. List of producers and brands. The department shall post on its publicly accessible website a list of the producers participating and the brands included in a paint stewardship program.

[2013, c. 395, §1 (NEW) .]

9. Relationship to other product stewardship program laws. A paint stewardship program established pursuant to this section is governed by the provisions of this section and is exempt from any requirements related to product stewardship programs established under chapter 18 unless otherwise specifically provided.

[2013, c. 395, §1 (NEW) .]

10. Rules. The department may adopt rules to implement this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

1. Siting criteria. With regard to state-owned facilities, the bureau shall administer rules adopted by the former Maine Waste Management Agency, Office of Siting and Disposal Operations and subsequently administered by the former State Planning Office pursuant to this subsection for siting criteria for solid waste disposal facilities. The bureau may revise rules as necessary based on the following factors.

A. A site may be located anywhere within the State and need not be in proximity to the site of waste generation. [1991, c. 794, §2 (AMD).]

A-1. Sites for the disposal of special waste may not be located within a 5-mile radius of an existing commercial special waste landfill or a commercial incineration facility. [1995, c. 465, Pt. A, §62 (AMD); 1995, c. 465, Pt. C, §2 (AFF).]

B. To the extent possible, a site must be located in proximity to the transportation systems, including existing or potential railroad systems, that are used to convey waste to the site or to convey residuals and materials to be recycled from the site. [1991, c. 794, §2 (AMD).]

C. The capacity or size of a site must be consistent with the projected demand as determined in the state plan. [1989, c. 585, Pt. A, §7 (NEW).]

D. A site and its considered use must be consistent with, and actively support, other waste management objectives, including waste reduction and recycling. [1989, c. 585, Pt. A, §7 (NEW).]

E. The projected price for site development, construction and operation must be fair and reasonable. [1989, c. 585, Pt. A, §7 (NEW).]

F. A site must meet preliminary environmental standards developed jointly by the department and the Maine Land Use Planning Commission, including ground water standards, geological standards and standards to protect public drinking water supplies. [1991, c. 794, §2 (AMD); 2011, c. 682, §38 (REV).]

§2154. SITE SELECTION

1. Initial site screening. The bureau shall conduct a site screening and selection process to identify solid waste disposal capacity sufficient to meet the projected needs identified in the state planning process under section 2123-A, subsection 4. The bureau shall consider the need for geographic distribution of facilities to adequately serve all regions of the State. The bureau also shall consider in its site selection process the need for landfill capacity to dispose of incinerator ash resulting from the combustion of domestic and commercial solid waste generated within its jurisdiction. Prior to recommending a site, the bureau shall hold a public hearing in every municipality or plantation identified in the screening process as a potential site. For potential sites within an unincorporated township, the bureau shall hold a public hearing within the vicinity of the proposed site. Prior to submitting a recommended site to the department for review, the bureau must find that the recommended site meets the standards adopted under section 2153.

[2011, c. 655, Pt. GG, §41 (AMD); 2011, c. 655, Pt. GG, §70 (AFF) .]

2. Siting; general. Subsequent to the siting process under subsection 1, the bureau shall identify additional sites as requested by the department and as capacity needs are identified in the state plan. The bureau shall employ the same criteria and considerations employed under subsection 1. The bureau shall hold a public hearing in each municipality within which the bureau may recommend the location of any solid waste disposal or refuse-derived fuel processing facility.

[2011, c. 655, Pt. GG, §41 (AMD); 2011, c. 655, Pt. GG, §70 (AFF) .]

3. Municipal reimbursement. At the conclusion of proceedings before the bureau conducted pursuant to subsection 1, the bureau shall reimburse a municipality for eligible expenses incurred as a result of that municipality's direct, substantive participation in proceedings before the bureau. The amount reimbursed under this subsection may not exceed \$50,000 for any municipality. For the purposes of this subsection, "eligible expenses" has the same meaning as "expenses eligible for reimbursement" under section 1310-S, subsection 4 and any rules adopted by the Board of Environmental Protection pursuant to that section.

The bureau shall notify the municipal officers of any municipality within which a waste disposal facility site is recommended under this subchapter of that recommendation. The bureau shall notify the municipal officers by certified mail within 30 days of making the recommendation. If the proposed site is located within

the jurisdiction of the Maine Land Use Planning Commission, the bureau shall notify the Maine Land Use Planning Commission and the county commissioners in lieu of the municipal officers. [2011, c. 655, Pt. GG, §42 (AMD); 2011, c. 655, Pt. GG, §70 (AFF); 2011, c. 682, §38 (REV).]

§2156-A. FACILITY DEVELOPMENT

1. Planning for development. The bureau, in consultation with the department, shall plan for the development of facilities sufficient to meet needs for municipal solid waste identified in the state plan and any revisions to the plan and to serve all geographic areas of the State. The bureau, in consultation with the department, may plan for the development of facilities sufficient to meet needs for special waste identified in the state plan and any revisions to the plan and to serve all geographic areas of the State.

[2011, c. 655, Pt. GG, §43 (AMD); 2011, c. 655, Pt. GG, §70 (AFF) .]

2. Recommendation for development. When the bureau finds that 6 years or less of licensed and available disposal capacity for municipal solid waste or special waste remains within the State, the bureau shall submit a report recommending the construction and operation of a state-owned solid waste disposal facility for the disposal of the type of waste for which capacity is needed to the joint standing committee of the Legislature having jurisdiction over natural resource matters. The report must recommend which state agency or department will own the facility and how it will be operated. The report must also include a review of disposal options outside of the State; a review of existing efforts to reduce, reuse, recycle, compost and incinerate the affected municipal solid waste and special waste streams and the impact of these efforts on capacity requirements; a thorough economic analysis of the facility's expected costs; and commitments from entities to utilize the facility and projected revenues. It is the intent of the Legislature that the facility be operated by a private contractor. A state-owned solid waste disposal facility may not be constructed or operated unless authorized by legislation pursuant to subsection 3.

4. Ownership, construction and operation. The bureau shall maintain ownership of a site acquired for construction and operation of a state-owned solid waste disposal facility until the Legislature authorizes transfer of the site to another state department or agency, except that this subsection does not prohibit any

lease or transfer of the site pursuant to an agreement entered into before the effective date of this subsection or pursuant to any amendment to such an agreement entered into before or after the effective date of this subsection.

[2011, c. 655, Pt. GG, §43 (AMD); 2011, c. 655, Pt. GG, §70 (AFF) .]

5. Development by others. This section does not preclude a municipality or regional association from developing and operating solid waste disposal facilities on its own initiative.

When the bureau, in consultation with a regional association, finds that disposal capacity is projected to be needed for bulky wastes, construction or demolition waste or land-clearing debris and that the regional association is not able to pursue the siting, establishment and operation of a waste facility, the bureau may submit a report recommending the construction and operation of a state-owned solid waste disposal facility that will fulfill the disposal need to the joint standing committee of the Legislature having jurisdiction over natural resources matters. The report must include a review of disposal options outside of the State; a review of existing efforts to reduce, reuse, recycle, compost and incinerate the affected waste streams and the impact of these efforts on capacity requirements; a thorough economic analysis of the facility's expected costs; and commitments from entities to utilize the facility and projected revenues. The joint standing committee of the Legislature having jurisdiction over natural resources matters may report out legislation authorizing the construction and operation of a state-owned solid waste disposal facility in response to a report submitted pursuant to this subsection.

Whenever any host municipality notifies the commissioner of an order issued pursuant to a local permit requirement under section 2173 and gives the commissioner reason to believe that any solid waste disposal facility is in violation of any law or regulation administered by the department, or any order or the condition of any permit issued pursuant to any law or rule administered by the department, the commissioner shall promptly conduct an inspection of the facility.

If the commissioner finds that there is insufficient information to believe that there is a violation, the commissioner shall, within 10 working days of a municipality's request for an inspection, provide to the municipality a written explanation of the commissioner's decision not to conduct an inspection.

Article 2: MAINE SOLID WASTE MANAGEMENT FUND

§2201. MAINE SOLID WASTE MANAGEMENT FUND ESTABLISHED

The Maine Solid Waste Management Fund, referred to in this section as the "fund," is established as a nonlapsing fund to support programs administered by the bureau and the Department of Environmental Protection. The fund must be segregated into 2 subsidiary accounts. The first subsidiary account, called operations, receives all fees established and received under article 1. The 2nd subsidiary account, called administration, receives all fees established under this article and under Title 36, chapter 719 and all funds

recovered by the department as reimbursement for departmental expenses incurred to abate imminent threats to public health, safety and welfare posed by the illegal disposal of solid waste. [2011, c. 655, Pt. GG, §64 (AMD); 2011, c. 655, Pt. GG, §70 (AFF).]

Money in the fund not currently needed to meet the obligations of the department or bureau must be deposited with the Treasurer of State to the credit of the fund and may be invested as provided by law. Interest on these investments must be credited to the fund. [2011, c. 655, Pt. GG, §64 (AMD); 2011, c. 655, Pt. GG, §70 (AFF).]

Funds related to administration may be expended only in accordance with allocations approved by the Legislature for administrative expenses directly related to the bureau's and the department's programs, including actions by the department necessary to abate threats to public health, safety and welfare posed by the disposal of solid waste. Funds related to fees imposed on the disposal of construction and demolition debris and residue from the processing of construction and demolition debris may be expended only for the state cost share to municipalities under the closure and remediation cost-sharing program for solid waste landfills established in section 1310-F. Funds related to fees imposed under this article may be expended to provide grant funding in accordance with the Maine Solid Waste Diversion Grant Program established in section 2201-B. The department shall, on an annual basis, conduct a review of the revenues presently in the fund and the revenues projected to be added to or disbursed from the fund in upcoming calendar years and determine what amount of revenues, if any, are available to provide grant funding under section 2201-B. If the department determines that there are revenues in the fund available in the upcoming calendar year to provide grant funding under section 2201-B, the department must ensure that such revenues are designated for use in accordance with section 2201-B by the end of that calendar year. Funds related to operations may be expended only in accordance with allocations approved by the Legislature and solely for the development and operation of publicly owned facilities owned or approved by the bureau and for the repayment of any obligations of the bureau incurred under article 3. These allocations must be based on estimates of the actual costs necessary for the bureau and the department to administer their programs, to provide financial assistance to regional associations and to provide other financial assistance necessary to accomplish the purposes of this chapter. Beginning in the fiscal year ending on June 30, 1991 and thereafter, the fund must annually transfer to the General Fund an amount necessary to reimburse the costs of the Bureau of Revenue Services incurred in the administration of Title 36, chapter 719. Allowable expenditures include "Personal Services," "All Other" and "Capital Expenditures" associated with all bureau activities other than those included in the operations account. [1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

2. Timeliness of payment. The operator is deemed to have made a timely payment of the fee if the operator complies with all of the following:

A. The enclosed payment is for the full amount owed pursuant to this section and no further department action is required for collection; [1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF).]

B. The payment is accompanied by the required form and the form is complete and accurate; and [1989, c. 585, Pt. A, §7 (NEW).]

C. The letter transmitting the payment that is received by the department is postmarked by the United States Postal Service on or prior to the final day on which the payment is to be received, unless an alternative date is agreed upon in writing by the operator and the department. [1999, c. 385, §9 (AMD) .]

[1999, c. 385, §9 (AMD) .]

3. Discount. Any operator that makes a timely payment of the fee as provided in this section is entitled to apply against the fee payable a discount of 1% of the amount of the fee collected.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

4. Refunds. Any operator who believes the fee was overpaid by the operator may file a petition for refund to the department. If the department determines that the operator has overpaid the fee, the department shall refund to the operator the amount due the operator, together with interest at a rate established by the department.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

5. Alternative proof of payment. For purposes of this section, presentation of a receipt indicating that the payment was mailed by registered or certified mail on or before the due date is evidence of timely payment.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

6. Interest. If an operator fails to make a timely payment of the fee, the operator shall pay interest on the unpaid amount due at the rate established by the department from the last day for timely payment to the date paid.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

7. Additional penalty. In addition to the interest provided in subsection 6, if an operator fails to make timely payment of the fee, 5% of the amount of the fee must be added to the amount actually due if the failure to file a timely payment is for not more than one month, with an additional 5% for each additional month, or fraction of a month, during which the failure continues, not exceeding 25% in the aggregate.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

8. Assessment notice. If the department determines that any operator has not made a timely payment of the fee, the department shall send the operator a written notice of the amount of the deficiency, within 30 days of determining the deficiency. When the operator has not provided a complete and accurate statement of the weight or volume of waste received at the facility for the payment period, the department may estimate the weight or volume in the notice.

The operator charged with the deficiency has 30 days to pay the deficiency in full or, if the operator wishes to contest the deficiency, forward the amount of the deficiency to the department for placement in an escrow account with the Treasurer of State or any bank in the State, or post an appeal bond in the amount of the deficiency. The bond must be executed by a surety licensed to do business in the State and be satisfactory to the department. Failure to forward the money or appeal bond to the department within 30 days results in a waiver of all legal rights to contest the deficiency.

If, through the administrative or judicial review of the deficiency, it is determined that the amount of deficiency must be reduced, the department shall within 30 days remit the appropriate amount to the operator, with any interest accumulated by the escrow deposit.

The amount determined after administrative hearing or after waiver of administrative hearing is payable to the department and is collectible.

If any amount due under this subsection remains unpaid 30 days after receipt of notice of the deficiency, the department may order the operator of the facility to cease receiving any solid waste until the amount of the deficiency is completely paid.

[1995, c. 465, Pt. A, §77 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

§2213. ISSUANCE OF REVENUE OBLIGATION SECURITIES

1. Notice of intent to issue bonds; actions to contest validity. The agency may provide, at one time or from time to time, for the issuance of revenue obligation securities of the agency for the purposes authorized in this chapter. No revenue obligation securities of the agency may be issued until:

A. The project has been determined to be consistent with the state plan pursuant to section 1310-AA, if applicable, and the necessary permits have been obtained from the department; [1995, c. 465, Pt. A, §78 (AMD); 1995, c. 465, Pt. C, §2 (AFF).]

B. A notice of the intent of the agency to issue the securities is published at least once in a newspaper of general circulation in the region in which the project is to be located:

- (1) No later than 14 days after the date on which the agency decides to issue revenue obligation securities under this subchapter;
- (2) Describing the general purpose or purposes for which the securities are to be issued;
- (3) Stating the maximum principal amount of the proposed securities; and

Any action or proceeding in any court to contest the issuance of the securities must be started within 30 days after the date of the publication required by paragraph B and otherwise shall be governed by Title 5, chapter 375, subchapter VII. For the purposes of this subchapter and the Maine Administrative Procedure Act, Title 5, chapter 375, the later date of newspaper publication required by paragraph B shall constitute the final agency action with respect to the issuance of the securities. After the expiration of the 30-day period of limitation, no right of action or defense founded upon the invalidity of the issuance of the securities may be opened to question in any court upon any grounds.

[1995, c. 465, Pt. A, §78 (AMD); 1995, c. 465, Pt. C, §2 (AFF) .]

2. Treasurer of State as agent. The Treasurer of State shall, at the direction of the agency, act as the agency's agent for the sale and delivery of revenue obligation securities and anticipatory notes. The Treasurer of State shall assist the agency in the preparation, issuance, negotiation and sale of the securities and notes and provide reasonable advice and management assistance. The agency may employ further counsel or assistants or act in its own behalf, provided that the sale and delivery of revenue obligation securities and anticipatory notes shall be carried out at the agency's direction with and through the Treasurer of State.

[1989, c. 585, Pt. A, §7 (NEW) .]

3. Conclusive authorization. All revenue obligation securities of the agency shall be conclusively presumed to be fully authorized and issued under the laws of the State, and any person or governmental unit shall be estopped from questioning their authorization, sale, issuance, execution or delivery by the agency.

[1989, c. 585, Pt. A, §7 (NEW) .]

4. Maturity; interest. The securities of each issue of revenue obligation securities shall be dated, mature at a time or times not exceeding 20 years from the date of the securities and bear interest at a rate or rates determined by the agency. At the option of the agency, the securities may be made redeemable before maturity at a price or prices and under terms and conditions fixed prior to issuance.

[1989, c. 585, Pt. A, §7 (NEW) .]

5. Form. The agency shall determine the form of the securities, including any attached interest coupons, the manner of execution of the securities, the denomination or denominations of the securities and the place or places for payment of principal and interest, which may be at any financial institution within or without the State. Revenue obligation securities shall be executed in the name of the agency by the manual or facsimile signature of the authorized official or officials. Any attached coupons shall be executed with the manual or facsimile signature of the authorized official or officials. Signatures and facsimiles of signatures on securities and coupons are valid for all purposes even if the authorized official ceases to hold office before delivery of the securities. The securities may be issued in coupon or registered form or both as the agency may determine. Provision may be made for the registration of any coupon securities to principal alone and to both principal and interest, and for the reconversion into coupon securities of any securities registered to both principal and interest. In addition to this subsection, the agency may provide for transfer of registration of the agency's registered revenue obligation securities by book entry on the records of the entity designated for that purpose and may enter into such contractual arrangements as may be necessary to accomplish these purposes. In the

6. Sale. The agency may sell the securities at a public or private sale, in a manner and at a price the agency determines to be in the best interest of the agency. The agency shall not sell the securities to any firm, partnership, corporation or association, including an affiliate or subsidiary, which is a party to any contract pertaining to the financed project or which is to rent, purchase, lease or otherwise occupy premises constituting part of the project. The agency may sell the securities to a seller of the project if the project is to be used and operated by a 3rd party.

[1989, c. 585, Pt. A, §7 (NEW) .]

7. Proceeds. The proceeds of each issue shall be used solely for the authorized purposes and shall be disbursed as provided in the securing trust agreement or other document. Administration costs incurred by the agency under this program may be drawn from those proceeds. If the proceeds are less than the cost of the project, by error in the estimate or otherwise, additional securities may be issued in a like manner to provide the amount of the deficit and, unless otherwise provided in the securing trust agreement or other document, the additional securities are deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the securities first issued for the same purpose. The agency may place limits or restrictions on the issuance of additional revenue obligation securities through the securing trust agreement or other document. The agency may provide for the replacement of mutilated, destroyed or lost securities. Revenue obligation securities may be issued under this subchapter without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the occurrence of any conditions or things other than those proceedings, conditions or things which are specifically required by this subchapter. Notwithstanding any of the other provisions of this subchapter, or of any recitals in any securities issued under this subchapter, all such securities are deemed to be negotiable instruments issued under the laws of this State.

[1989, c. 585, Pt. A, §7 (NEW) .]

8. Credit not pledged. Except as provided in this subsection, securities issued under this subchapter shall not constitute any debt or liability of the State or of any municipality in the State or any political subdivision of the State, or of the agency or a pledge of the faith and credit of the State or of any such municipality or political subdivision, but shall be payable solely from the revenues of the project or projects for which the securities are issued or from other eligible collateral or the revenues or proceeds of other eligible collateral pledged to the payment of the revenue obligation securities and all such securities shall contain on the securities' face a statement to that effect. The issuance of securities under this subchapter shall not directly or indirectly or contingently obligate the State or any municipality or political subdivision to levy or to pledge any form of taxation whatever or to make any appropriation for payment.

[1989, c. 585, Pt. A, §7 (NEW) .]

9. Anticipatory borrowing. In anticipation of the sale of securities under this article, the agency may issue temporary notes and renewal notes, the total face amount of which does not exceed at any one time outstanding the authorized amount of the securities. The period of anticipatory borrowing shall not exceed 3 years and the time within which the securities are to become due shall not be extended by the anticipatory borrowing beyond the term permitted by law.

[1989, c. 585, Pt. A, §7 (NEW) .]

10. Environmental protection. Revenue obligation securities of the agency may not be issued for a project until the commissioner certifies to the agency that all licenses required by the department with respect to the project are issued or that none are required. Any subsequent enlargement or addition to the project for which approval is sought from the agency requires certification by the commissioner.

[1989, c. 585, Pt. A, §7 (NEW); 1989, c. 890, Pt. A, §40 (AFF); 1989, c. 890, Pt. B, §295 (AMD) .]

Any financial institution may furnish indemnifying bonds or pledge the securities as may be required by the agency.

2. Mortgages. To further secure the payment of the revenue obligation securities, the trust agreement or other document may mortgage or assign the mortgage of the project, or any part of the project, and create a lien on or security interest in any or all of the project. In the event of a default with respect to the revenue obligation securities, the trustee, mortgagee or other person may be authorized by the trust agreement or other document containing a mortgage or assignment of a mortgage to take possession of, hold, manage and operate all or any part of the mortgaged property and, with or without taking possession, to sell or from time to time lease the property in accordance with law. §2221. CAPITAL RESERVE FUNDS; OBLIGATION OF STATE

1. Capital reserve fund. The agency may create and establish one or more capital reserve funds and may pay into any such capital reserve fund any money appropriated and made available by the State for the purposes of any such fund, any proceeds of sale by the agency of revenue obligation securities to the extent determined by the agency and any other money available to the agency. For purposes of this section, the amount of any letter of credit, insurance contract, surety bond, indemnification agreement or similar financial undertaking available to be drawn on and applied to obligations to which money in any such fund may be applied shall be deemed to be and counted as money in the capital reserve fund.

[1989, c. 585, Pt. A, §7 (NEW) .]

2. Application. Money in any capital reserve fund created pursuant to subsection 1, except as provided in this section, shall be used solely with respect to revenue obligation securities or mortgage loans, repayment of which is secured by any such fund and solely for the payment of principal, accrued interest and costs and expenses chargeable to the mortgage loan or securities, the purchase or redemption of the securities, including any fees or premiums or the payment of interest on the securities. Money in excess of the reserve requirement set forth in subsection 3 may be transferred to other funds and accounts of the agency.

[1989, c. 585, Pt. A, §7 (NEW) .]

3. Reserve requirement. The agency may provide that money in any such fund shall not be withdrawn at any time in an amount which would reduce the amount of any such fund to less than the maximum amount of principal and interest becoming due and payable under any applicable trust agreement or other agreement in the next succeeding 12-month period, the amount being referred to as the capital reserve requirement, except for the purpose of paying the amount due and payable with respect to revenue obligation securities or mortgage loans, repayment of which is secured by any such fund.

[1989, c. 585, Pt. A, §7 (NEW) .]

4. Issuance limit. The agency may provide that it shall not issue revenue obligation securities if the capital reserve requirement with respect to securities outstanding and then to be issued and secured by any such fund will exceed the amount of any such fund, including the amount available to be drawn on any letter of credit given to secure the capital reserve requirement, at the time of issuance, unless the agency, at the time of issuance of the securities, shall deposit in any such fund from proceeds of the securities to be issued, or from other sources, an amount which, together with the amounts then in any such fund and amounts available to be drawn under any letter of credit, will not be less than the capital reserve requirement.

[1989, c. 585, Pt. A, §7 (NEW) .]

5. Security for mortgage loans. With respect to any mortgage loans which may be secured under this article, the agency may provide that such mortgage loans shall be secured by one or more capital reserve funds established pursuant to subsection 1. Any commitment with respect to a mortgage loan executed and delivered pursuant to this section shall be conclusive evidence of the eligibility of the mortgage loan for capital reserve fund security and the validity of any such commitment or contract shall be incontestable in the hands of a mortgage lender except for fraud or misrepresentation on the part of the mortgage lender.

Mortgages secured by capital reserve funds under this section are made legal investments for all insurance companies, trust companies, banks, investment companies, savings banks, savings and loan associations, executors, trustees and other fiduciaries, public and private pension or retirement funds and other persons.

[1989, c. 585, Pt. A, §7 (NEW) .]

6. Appropriation. On or before December 1st, annually, the agency shall certify to the Governor the amount, if any, necessary to restore the amount in any capital reserve fund, to which this subsection is stated in any written agreement, the trust agreement or other document to apply, to the capital reserve requirement. The Governor shall pay directly from the State Contingent Account to any such fund as much of the amount as is available in that account, as determined by the Governor, and shall transmit directly to the Legislature certification and a statement of the amount, if any, remaining to be paid. The certified amount shall be appropriated and paid to the agency during the current state fiscal year.

[1989, c. 585, Pt. A, §7 (NEW) .]

7. Obligations and securities outstanding. The agency may not have at any one time outstanding obligations or revenue obligation securities to which subsection 6 is stated in any agreement or the trust agreement or other document to apply in principal amount exceeding an amount equal to \$50,000,000. This subsection constitutes specific legislative approval to issue up to \$50,000,000 in tax-exempt revenue obligation securities. The amount of revenue obligation securities issued to refund securities previously issued may not be taken into account in determining the principal amount of securities outstanding, provided that proceeds of the refunding securities are applied as promptly as possible to the refunding of the previously issued securities. In computing the total amount of revenue obligation securities of the agency that may at any time be outstanding for any purpose, the amount of the outstanding revenue obligation securities that have been issued as capital appreciation bonds or as similar instruments shall be valued as of any date of calculation at their then current accreted value rather than their face value.
