

## THE PRIME MINISTER

**DIRECTIVE No. 04/2004/CT-TTg of January 20, 2004 on stepping up the management of clean water supply and consumption**

In order to overcome the weaknesses in clean water supply and consumption, and create favorable conditions for the development of water supply and the efficient operation of water-supplying enterprises to meet the people's demands for water in service of their daily-life and production, the Prime Minister instructs the Ministry of Construction, the Ministry of Finance, the Ministry of Planning and Investment, the provincial/municipal People's Committees as well as the concerned ministries and branches to perform a number of specific tasks and coordinate with one another in stepping up the management of clean water supply and consumption.-
