

NATIONAL AND LOCAL

THE NATIONAL AND LOCAL

FORESTS NOS. 42, 43, 97-100, 114-118 120-142 AND 144-148

The areas described in the Schedule are hereby declared to be National and Local Forests, and the following acts are hereby prohibited within the said areas except under licence:

- (a) felling, cutting, taking, working, burning, injuring or removal of any forest produce;
- (b) squatting, residing, building any hut or livestock enclosure, constructing or reopening any saw-pit or road;
- (c) firing any grass or undergrowth, or lighting or assisting in lighting any fire, or allowing any fire lighted by the offender or his employees to enter the said areas;
- (d) grazing livestock or allowing livestock to trespass;
- (e) clearing, cultivating or breaking up land for cultivation or any other purposes.

SCHEDULE

LOCAL FOREST NO. P42: KAWENA

Starting at a point where the old Lusaka-Mumbwa Road crosses the Kapyanga River, the boundary follows the left bank of the said river downstream in a general southerly direction for a distance of 5,699.76 metres to Beacon KW.1; thence in a straight line on a bearing of 72 degrees for distance of 4,724.4 metres to Beacon KW.2; thence in a straight line on a bearing of 32 degrees for a distance of 4,267.2 metres to the confluence of two unnamed streams; thence along the right bank of one of the said streams upstream in a general north-easterly direction for a distance of 1,524 metres; thence in a straight line on a bearing of 40 degrees for a distance of 1,981.2 metres to a point at the source of an unnamed stream; thence down the left bank of the said stream to Beacon

KW.3, at its confluence with the Kabile River; thence along the right bank of the Kabile River upstream in a general northerly direction for a distance of 3,352.8 metres to its confluence with Manfule Stream; thence along the right bank of the Manfule Stream upstream in a general north-westerly direction for a distance of 3,749.04 metres to its confluence with an unnamed tributary; thence along the right bank of the said tributary in a general north-easterly direction for a distance of 3,048 metres to its source; thence in a straight line on a bearing of 78 degrees for a distance of 1,920.24 metres to Beacon KW.4, situated on the Kabile River; thence along the right bank of the Kabile River upstream in a general northerly and north-westerly direction for a distance of 7,315.2 metres to Beacon KW.4A, at its source; thence in a general north-westerly and westerly direction along the western arm of the Kabile Headwaters dambo to Beacon KW.4B; thence in a straight line on a bearing of 258 degrees for a distance of 4,876.8 metres to Beacon KW.4C; thence in a straight line on a bearing of 264 degrees for a distance of 3,962.4 metres to Beacon KW.4D; thence in a general southerly direction passing through Beacons KW.4E, KW.4F, KW.4G, KW.4H, KW.4I and KW.4J to Beacon KW.4K, at the source of the Kapyanga River; thence in a south-easterly and southerly direction down the left bank of the Kanyanga River for a distance of 11,887.2 metres to the point of starting.

Bearings, which are referred to True North, and distances are approximate.

The above described area, in extent 18,810.05 hectares approximately, is shown bordered green upon Plan No. FR86/4, deposited in the office of the Surveyor-General, signed by him and dated 11th January, 1968.

LOCAL FOREST NO. P43: NAMBALA

*Government
Notices

Starting at the source of the Lukutu Stream, the boundary proceeds along a cut line on a true bearing of approximately 70 degrees for a distance of approximately 3,291.84 metres to the source of the Chibinda Stream; thence down the right bank of this stream to its confluence with the Lubansenshi River; thence down the right bank of this river to its confluence with the Fitenge Stream; thence up the left bank of this stream to a point approximately 804.67 metres from its source; thence on a true bearing of approximately 203 degrees for a distance of approximately 2,042.16 metres to the source of the Pombo Stream; thence down the right bank of this stream for a distance of approximately 822.97 metres; thence along a cut line on a true bearing of approximately 235 degrees for a distance of approximately 3,718.56

metres to a point on the Lukutu Stream; thence up the left bank of this stream to its source, the point of starting.

The area described above, in extent 10,117.5 hectares approximately, is shown bordered green on Plan No. FR161, deposited in the office of the Surveyor-General, signed by him and dated 18th January, 1961.

LOCAL FOREST NO. P100: SANJE

*Government
Notices
264 of 1964
66 of 1975*

Starting at Beacon H238, the north-east corner beacon of Farm No. 709 "Chanobie Estate", the boundary runs in a straight line on a true bearing of approximately 7 degrees for a distance of approximately 2,072.64 metres to Beacon SJ1 on the eastern edge of the Namakuni Dambo; thence in a straight line on a true bearing of approximately 268 degrees for a distance of approximately 3,870.96 metres to Beacon SJ2 at the summit of an unnamed hill; thence in a straight line on a true bearing of approximately 355 degrees for a distance of approximately 5,974.1 metres to Beacon N13 on the summit of Sanje Hill; thence on a true bearing of approximately 29 degrees for a distance of approximately 2,468.9 metres to Beacon SJ3 on the summit of Kalubyalubya Hill; thence on a true bearing of approximately 103 degrees for a distance of approximately 3,017.52 metres to Beacon SJ4 at the head of a branch of the Namunde Dambo; thence in a straight line on a true bearing of approximately 67 degrees for a distance of approximately 5,425.44 metres to Beacon SJ5, approximately 609.6 metres south of a branch of the Kebumba Dambo; thence in a straight line on a true bearing of approximately 145 degrees for a distance of approximately 7,315.2 metres to Beacon SJ6; thence in a straight line on a true bearing of approximately 235 degrees for a distance of approximately 5,181.6 metres to Beacon SJ7, situated due south of Beacon SJ5; thence due south for a distance of approximately 4,876.8 metres to Beacon SJ8 on the northern edge of the Mumbwa-Matala Mine road; thence westwards along this road for a distance of approximately 5,181.6 metres to Beacon SJ9 on the eastern boundary of Farm No. 709, "Chanobie Estate"; thence northwards along the eastern boundary of this farm for a distance of approximately 1,463.04 metres to Beacon H238, the point of starting.

The area described above, in extent 10,845.96 hectares approximately, is shown bordered green on Plan No. FR162, deposited in the office of the Surveyor-General, signed by him and dated 29th December, 1960.

NATIONAL FOREST NO. P114: MYAFI

*Government
Notice
264 of 1964*

Starting at Beacon SE233, the south-western corner beacon of Mkushi on the northern edge of the Great North Road 60.96 metres Reserve, the boundary proceeds in a general westerly direction along the northern edge of this reserve for a distance of approximately 13,258.8 metres to Beacon MY1 near the Katuba Stream; thence on a true bearing of approximately 12 degrees for a distance of approximately 457.2 metres to Beacon MY2; thence on a true bearing of approximately 77 degrees for a distance of approximately 487.68 metres to Beacon MY3; thence on a true bearing of approximately 23 degrees for a distance of approximately 2,468.9 metres to Beacon MY4; thence on a true bearing of approximately 66 degrees for a distance of approximately 6,309.36 metres to Beacon MY5; thence on a true bearing of approximately 83 degrees for a distance of approximately 4,511.04 metres to Beacon MY6 on the western boundary of Mkushi; thence southwards along this boundary through Beacon SE127 to Beacon SE233, the point of starting.

The area described above, in extent 2,080.16 hectares approximately, is shown bordered green upon Plan No. FR177, deposited in the office of the Surveyor-General, signed by him and dated 18th May, 1961.

NATIONAL FOREST NO. P115: MKUSHI HEADWATERS

*Government
Notice
