ANNEX 1 TO THE FINAL ACT

**AGREEMENT FOR THE ESTABLISHMENT OF A REGIONAL CENTRE ON
AGRARIAN REFORM AND RURAL DEVELOPMENT FOR THE NEAR EAST**

PREAMBLE

The Contracting Parties,

Recognizing that many countries in the Near East have adopted programmes relating to agrarian reform and rural development, and are at various stages of implementing those programmes;

Considering that the implementation and success of such programmes can be greatly enhanced and facilitated through intensified regional cooperation availing itself of a network of national institutions for agrarian reform and rural development and through cooperation between such institutions and an intergovernmental institution;

Considering that the said cooperation can best be achieved through the establishment of a regional centre carrying out its activities in collaboration with all countries and all government and nongovernmental organizations and agencies that may be able to provide financial and/or technical support;

Considering further that the creation of such a regional centre would constitute a concrete step in carrying out the objectives and strategies contained in the Declaration of Principles and Programme of Action adopted by the World Conference on Agrarian Reform and Rural Development convened by the Food and Agriculture Organization of the United Nations (FAO), Rome, July 1979, and would also be consonant with the policies embodied in Resolutions 3201 (SVI) and 3202 (SVI) on the establishment of a New International Economic Order adopted by the General Assembly of the United Nations;

Noting the Resolution adopted by the Fifteenth FAO Regional Conference for the Near East, Rome, April 1981, requesting that action be taken with a view to the possible establishment of such a regional centre;

Have agreed as follows:

(c) organize training courses in the planning, implementation, monitoring and evaluation of programmes and projects for agrarian reform and rural development, and assist the national centres in organizing their own training courses and workshops;

(d) provide consultant services and other technical support to national centres, and maintain liaison with such centres and, where appropriate, give advice to other organizations or agencies concerned with agrarian reform and rural development;

(e) serve as a clearinghouse and data bank for information on agrarian reform and rural development in the Near East and elsewhere, and promote the dissemination of information by any appropriate form of publication and the preparation of documentation, including the translation of significant publications on agrarian reform and rural development, and

5. In any case where an immunity conferred upon a person pursuant to this Article or to Annex II to this Agreement would impede the course of justice and can be waived without prejudice to the interests of the Centre, such immunity shall be waived by a Member State in the case of its representative, by the Governing Council or the Executive Committee in the case of the Director of the Centre, and by the Director of the Centre in the case of its staff.
