Amendment of section 5 of Cap. 274A

4. **Section 5(1) of the principal Act is deleted and the following substituted:**

“(1) The functions of the Authority are:

(a) to obtain and analyse information on and maintain records of the total water resources of Barbados;

(b) to manage, allocate and monitor the surface water and groundwater resources of Barbados with a view to ensuring the development, conservation and protection of such water resources in the public interest;

(c) to prepare and submit to the Minister, after consultation with such persons as the Minister may direct or otherwise, proposals for the establishment of efficient, co-ordinated and economical systems for the supply of water and for sewerage, that are capable of meeting the demand for water and sewerage services in Barbados;

(d) to prepare details of schemes for

   (i) the development and protection of the surface water and groundwater resources; and

   (ii) the supply of water and sewerage services,

and to construct, maintain and operate such schemes;

(e) to manage and keep under constant review, the quality, reliability and availability of water supply and sewerage services in accordance with such requirements and standards as may be issued or adopted for the purpose;

(f) to keep under review the rates to be charged for the services described in paragraph (e);
(g) to control and regulate the collection, production, treatment, storage, transmission, distribution and use of water for public purposes;

(h) to design, construct, acquire, provide, operate and maintain

(i) water works for the purpose of treating or supplying water for public purposes; and

(ii) sewerage works for the purpose of receiving, treating and disposing of sewage;

(i) to control and regulate the disposal of sewage through sewerage plants or waste treatment plants that are not part of the Authority’s systems;

(j) to conduct research programmes and prepare statistics for its purposes;

(k) to disseminate information and advice with respect to the management, collection, production, transmission, treatment, storage, supply and distribution of water and, where applicable, sewage;

(l) to provide such facilities as may be necessary for training and educating its employees, and to facilitate research by employees;

(m) to advise the Minister on the matters referred to in paragraph (e) and on such other matters relating to water supply and sewerage services as the Minister refers to the Authority;

(n) to monitor compliance with this Act; and

(o) to perform such other functions as the Minister assigns or as the Authority considers necessary or expedient for its purposes.”.

“PART IVA

WATER AND WELLS MANAGEMENT COMMITTEE

Water and Wells Management Committee

18A.(1) There is established a committee to be known as the Water and Wells Management Committee.

(2) The Second Schedule has effect with respect to the constitution of the Committee and otherwise in relation to the Committee.

Licence to sink, alter or use well

18B.(1) No person, other than the Authority, its employees and agents, shall

(a) sink a well for the purpose of exploring for, monitoring, tapping, intercepting or abstracting groundwater;
(b) deepen or otherwise substantially alter or convert an existing well for the purpose of exploring for, monitoring, tapping, intercepting or abstracting groundwater from the well;

(c) use a well previously used for exploring for, monitoring, tapping, intercepting or abstracting groundwater for another purpose;

(d) abstract groundwater from a well; or

(e) use groundwater abstracted from a well for a purpose other than a permitted purpose,

unless he holds a licence issued under section 18D in relation to the activity.

(2) For the purposes of subsection (1),

(a) an alteration which increases, is designed to increase or is capable of increasing

(i) the horizontal area of a well;

(ii) the depth of a well;

(iii) the power utilised to raise water from a well; or

(iv) the discharge of water raised from a well,

is deemed to be a substantial alteration of the well;

(b) “permitted purpose” means a purpose permitted by a licence issued under section 18D.

(3) A person who contravenes subsection (1) is guilty of an offence and is liable, on summary conviction, to a fine of $25 000 or imprisonment for 5 years or both.
Application for licence

18C. (1) A person may, in such form as the Minister may require and upon payment of the prescribed fee, apply to the Minister for a licence for the purposes of section 18B.

(2) An applicant shall submit with his application such information as may be required by the Minister to determine whether a licence should be issued to the applicant.

(3) A person who knowingly makes an application under this Part that is false in any material particular is guilty of an offence and is liable, on summary conviction, to a fine of $1 000 or imprisonment for 12 months or both.

Determination of application and issue of licence

18D. (1) Where the Minister receives an application for a licence, the Minister shall submit the application to the Committee for consideration.

(2) The Committee may, upon consideration of the application, any report submitted pursuant to section 18I on an inspection conducted in relation to the application, and such other information as may be relevant to the application, recommend to the Minister that

   (a) a licence be issued;

   (b) consideration of the application be suspended until any matter identified by the Committee as requiring rectification is rectified to the satisfaction of the Committee; or

   (c) the application be refused.
(3) Where the Committee recommends that

(a) a licence be issued to an applicant, the Minister shall, in such form as the Minister may determine and upon payment of the prescribed fee, issue the licence to the applicant;

(b) consideration of the application be suspended, the Minister shall notify the applicant in writing of the matter to be rectified for the applicant to qualify for the issue of a licence; or

(c) the application be refused, the Minister shall notify the applicant in writing of the refusal and the reason for the refusal.

(4) A licence

(a) shall be subject to such terms and conditions as the Minister, on the recommendation of the Committee, may specify in the licence;

(b) is not transferable;

(c) is valid for one year; and

(d) may be renewed on a further application under section 18C at least one month prior to its expiration.

(5) Without prejudice to the generality of subsections (2) and (3), the Minister may refuse to issue or renew a licence where the activity intended to be conducted under the licence is likely negatively to affect the water resources or marine environment of Barbados or the supply of water to the public.

Warning

18E.(1) Where an inspection of a well or premises connected to a well reveals an area of concern which was the subject of a prior request for rectification, the Minister may, on the recommendation of the
Committee, issue a written warning to the licensee involved requiring that the area of concern be rectified within a specified period.

(2) The warning shall

(a) state the area of concern;

(b) give details of any prior written requests for rectification of the area of concern including the number of times such requests were issued;

(c) indicate the measures to be taken to rectify the area of concern and the date by which compliance is required; and

(d) advise that non-compliance may result in the suspension or revocation of the licence.

(3) The Minister may, subject to section 18F, suspend or revoke a licence where the licensee fails to comply as required in a warning.

Suspension or revocation of licence

18F.(1) Subject to subsections (2) and (3), the Minister may, on the recommendation of the Committee, suspend or revoke a licence where

(a) the licensee contravenes a term or condition of the licence;

or

(b) the existence or use of the well negatively affects, or is likely negatively to affect the water resources or marine environment of Barbados or the supply of water to the public.

(2) The Minister shall not suspend or revoke a licence on the ground set out in subsection (1)(a) without giving the licensee

(a) written notice of the intended suspension or revocation, and the reason for it;

(b) where appropriate, a further period during which the licensee may rectify any area of concern requiring rectification; and
10 days, from the date of the notice, to make representations as to why the licence should not be suspended or revoked.

(3) The Minister may suspend or revoke a licence where

(a) an area of concern is not rectified by the licensee by the end of the period described in subsection (2)(b); or

(b) a suitable explanation as to why the licence should not be suspended or revoked is not received from the licensee by the end of the period described in subsection (2)(c).

(4) Where the Minister suspends or revokes a licence, the Minister shall give the licensee written notice of the suspension or revocation.

(5) Notwithstanding subsection (2)(c), where subsection (1)(b) applies the Minister may suspend or revoke a licence with immediate effect.

Suspension or limitation of groundwater abstraction by licensees during drought etc.

18G.(1) The Minister may, on the recommendation of the Committee

(a) by Order, suspend the abstraction of water from wells in respect of which a licence is issued under section 18D or saved under section 18K where there is a drought or natural changes cause a shortage of water for any purpose, which in the opinion of the Minister, makes it necessary to suspend the abstraction of water for the period stated in the Order;

(b) by instrument in writing, revise or alter the quantity of water which a person who has been issued a licence under section 18D or to whom section 18K applies is authorised to abstract from a well in such manner as appears to the Minister to be equitable and appropriate taking into consideration the environmental conditions which are impacting the water supply.
(2) The Minister may, in an Order made under subsection (1)(a), provide for contravention of the Order to be an offence triable summarily and punishable by a fine of $25 000 or imprisonment for 5 years or both.

Misuse of a well

18H. (1) Where a well

(a) is used or caused or permitted to be used in contravention of this Act; or

(b) though not situated in any area or zone defined pursuant to section 27 or in respect of which a restriction or prohibition applies pursuant to that section, is used or caused or permitted to be used for the disposal of sewage or other waste in a manner which, in the opinion of the Committee, constitutes or is likely to constitute a danger to health or leads or is likely to lead to the contamination of any source of water,

the Minister may, on the recommendation of the Committee, by notice in writing served on the owner or occupier of the land on which the well is situated, require the owner or occupier to plug or fill the well or use such other means as the Minister may approve to provide some other satisfactory method of disposing of the sewage or other waste.

(2) Where an owner or occupier of land fails to comply with a requirement of the Minister under subsection (1), the Minister may require the Authority to enter on the land and plug or fill the well and do such other works as may be required to provide some other satisfactory method of disposing of the sewage or other waste.

(3) The expenses of the Authority reasonably incurred in the exercise of the powers conferred by subsection (2) shall be a debt due by the owner or occupier of the land to the State and, without prejudice to any other lawful means of recovery, may be recovered by the Authority on complaint before a magistrate.
Inspection of wells etc.

18I. The Minister may require the Authority to inspect any well or premises connected to a well and submit a report on its inspection for the purpose of

(a) determining an application for a licence;

(b) assessing whether a matter required to be rectified by an applicant for a licence, or by a licensee, has been satisfactorily rectified;

(c) assessing whether a licensee is in compliance with the terms and conditions of his licence; or

(d) determining whether this Part or a term or condition of a licence has been contravened.

Savings

18J.(1) A licence issued to a person to construct or use a well under the Underground Water Control Act, Cap. 283 shall remain valid for a period of 12 months from the commencement of the Barbados Water Authority (Amendment) Act, 2023 (Act 2023- ) and thereafter the licence shall be deemed to be expired.

(2) A person to whom subsection (1) refers may apply for a licence in accordance with section 18C on or before the expiration of the period specified in subsection (1).”.
