PART TWO
Control of Pollution

3. Control of Pollution

1) No person shall pollute or cause any other person to pollute the environment by violating the relevant environmental standard.
2) The Authority or the relevant Regional environmental agency may take an administrative or legal measure against a person who, in violation of law, release any pollutant to the environment.
4. Management of Hazardous Waste, Chemical and Radioactive Substance

1) The generation, keeping, storage, transportation, treatment or disposal of any hazardous waste without a permit from the Authority or the relevant regional environmental agency is prohibited.

2) Any person engaged in the collection, recycling, transportation, treatment or disposal of any hazardous waste shall take appropriate precaution to prevent any damage to the environment or to human health or well-being.

3) The importation, mining, processing, keeping, distribution, storage, transportation or use of radioactive substances shall be subject to a permit from the competent agency.

4) The importation, preparation, keeping, distribution, storage, transportation or use of a chemical categorized as hazardous or of restricted use, shall be subject to a permit from the Authority or the relevant regional environmental agency or from any other competent agency.

5) Any person engaged in the preparation, production, manufacturing or transportation or in trading in any hazardous or restricted chemical may ensure that the chemical is registered, packed and labeled as per the applicable standards.

5. Management of Municipal Waste

1) All urban administrations shall ensure the collection, transportation, and, as appropriate, the recycling, treatment or safe disposal of municipal waste through the institution of an integrated municipal waste management system.

2) In collaboration with the relevant regional environmental agency, the Authority shall monitor and evaluate the adequacy of municipal waste management systems and ensure the effectiveness of their implementation.

3) Any person responsible for the maintenance of any premise to which the public has access shall, at all times, ensure that adequate and suitable toilets and containers and other required facilities are provided for the disposal of waste.
4. The Authority shall, in collaboration with the relevant regional environmental agencies and any other competent agencies, monitor the situation with regard to the availability of waste disposal facilities and take the necessary measures to ensure that their availability is satisfactory.

PART THREE
Environmental Standards

6. Environmental Standards

1) In consultation with competent agencies, the Authority shall formulate practicable environmental standards based on scientific and environmental principles. The sectors that require standards shall include at least the following:

(a) Standards for the discharge of effluents into water bodies and sewage systems.

(b) Air quality standards that specify the ambient air quality and give the allowable amounts of emission for both stationary and mobile air pollution sources.

(c) Standards for the types and amounts of substances that can be applied to the soil or be disposed of on or in it.

(d) Standards for noise providing for the maximum allowable noise level taking into account the settlement patterns and the availability of scientific and technological capacity in the country.

(e) Waste management standards specifying the levels allowed and the methods to be used in the generation, handling, storage, treatment, transport and disposal of the various types of waste.

2) Sources of noxious odour shall be regulated so that the nuisance they cause is prevented.

3) The Authority may prescribe different environmental standards for different areas as it may find necessary to protect or rehabilitate the environment.

4. National regional states may, based on their specific situation, adopt environmental standards that are more stringent than those determined at the Federal level. However, they shall not adopt standards which are less rigorous than those determined at the Federal level.

5) The Authority may, for a fixed period of time, authorize the waiver of the duty to comply with some requirements of specified environmental standards in order to promote public benefit.

PART FOUR
Environmental Inspectors

7. Environmental Inspectors

1) Environmental inspectors (hereinafter referred to as "inspectors") shall be assigned by the Authority or by the relevant regional environmental agency.

2) Inspectors shall exercise due diligence and impartiality in the discharge of their powers and duties under this Proclamation.

8. Powers and Duties of Inspectors

1) Inspectors shall have the following powers and duties:

(a) ensure compliance with environmental standards and related requirements;

(b) without prejudice to Sub-Articles (3) and (6) of this Article, enter any land or premises at any time which seems appropriate to them without prior notice or court order;
2) When a person contravenes any of the provisions of this Proclamation or of any other relevant law, the inspector on duty shall specify the matter constituting the contravention and may also specify the measures that shall be taken to remedy the contravention within a given period of time.

3) When an inspector on duty suspects that any activity may cause damage to the environment, he shall order the taking of corrective measures up to the immediate cessation of the activity.

4) Every inspector shall have an identity card issued by the Authority or by the relevant regional environmental agency, bearing its official seal and show it when requested;

5) Whenever a sample is to be taken, the proprietor has the right to be present or to send his representative when requested;

6) When an inspector on duty visits an undertaking, he shall notify the proprietor unless he considers that such notification may be prejudicial to the efficient performance of his duty.

9. Right to Appeal

1) Any person dissatisfied with any of the measures taken by the inspector may appeal to the Head of the Authority or the relevant regional environmental agency, as the case may be, within ten days from the date on which the measure was taken.

2) Any person dissatisfied because no decision has been given as provided under Sub-Article (1) of this Article, or feels that the decision given is inappropriate, may institute a court case within thirty days from the date on which the decision was given or the deadline for decision has elapsed.

10. Incentives

1) Incentives for the introduction of methods that enable the prevention or minimization of pollution into an existing undertaking shall be determined by regulations issued hereunder.

2) Importation of new equipment that is destined to control pollution shall, upon verification by the Authority, be exempted from payment of customs duty.

11. Right to standing

1) Any person shall have, without the need to show any vested interest, the right to lodge a complaint at the Authority or the relevant regional environmental agency against any person allegedly causing actual or potential damage to the environment.
2) When the Authority or regional environmental agency fails to give a decision within thirty days or when the person who has lodged the complaint is dissatisfied with the decision, he may institute a court case with in sixty days from the date the decision was given or the deadline for decision has elapsed.

PART FIVE
