461OA Definitions relating to listed issuers

(1) For the purposes of this Part, a listed issuer is a large listed issuer in respect of an accounting period if either or both of the following apply: at least 1 of the following applies to the listed issuer:

(a) as at the balance date of each of the 2 preceding accounting periods, the issuer’s market capitalisation exceeds $60 million;

(i) at any time in the accounting period, has quoted equity securities; and

(ii) as at the balance date of each of the 2 preceding accounting periods, has equity securities (whether quoted or unquoted) that have a total value, as implied by the market price or fair value of those equity securities, that exceeds $60 million:

(ii) at any time in the 2 preceding accounting periods, has quoted debt securities with a total face value that exceeds $60 million:

(b) the listed issuer is large after amalgamation (within the meaning of section 461PA) in respect of the accounting period.

(2) For the purposes of this Part, a listed issuer is an excluded listed issuer in respect of an accounting period if, at all times during the accounting period,—

(a) the issuer has no equity securities, and no debt securities, that are quoted; or

(b) any equity securities of the issuer and any debt securities of the issuer that are quoted are quoted only on a growth market.

(a) any equity securities of the issuer and any debt securities of the issuer that are quoted are quoted only on a growth market; or

(b) the issuer has no quoted equity securities and no quoted debt securities.

(3) And see section 351(1)(ab) (which may allow for some listed issuers not to be FMC reporting entities and, consequentially, not climate reporting entities under section 461O(1)(a)).

(3A) For the purposes of subsection (1)(a)(ii), fair value must be determined in accordance with generally accepted accounting practice.

(4) In this section, growth market means a financial product market if—

(a) the operator has a licence to operate the market issued under section 316; and

(b) either or both of the following apply:
(i) the licence is subject to a condition that limits the size of issuers that are eligible to become, or to remain, listed issuers on the financial product market (for example, a limit based on the issuer’s market capitalisation):

(ii) the market is otherwise designed for, and clearly targeted at, small- and medium-sized entities.

market capitalisation, in relation to—

(a) a listed issuer of quoted equity securities, means the value of all of the issuer’s equity securities, as implied by the market price or fair value of those equity securities:

(b) a listed issuer to which paragraph (a) does not apply and that has issued quoted debt securities, means the net assets of the issuer and its subsidiaries (if any) as reported in the most recent financial statements or group financial statements prepared in accordance with generally accepted accounting practice for the issuer and those subsidiaries.

461P Meaning of large (in relation to registered banks, licensed insurers, credit unions, and building societies)

(1) For the purposes of this Part, a registered bank, credit union, or building society (A) is large in respect of an accounting period if either or both of the following apply:

(a) as at the balance date of each of the 2 preceding accounting periods, the total assets of A and A’s subsidiaries (if any) exceed $1 billion:

(b) A is large after amalgamation (within the meaning of section 461PA) in respect of the accounting period.

(2) For the purposes of this Part, a licensed insurer is large in respect of an accounting period if at least 1 of the following paragraphs applies to the licensed insurer:

(a) as at the balance date of each of the 2 preceding accounting periods, the total assets of the licensed insurer and its subsidiaries (if any) exceed $1 billion:

(b) in each of the 2 preceding accounting periods, the annual gross premium revenue of the licensed insurer and its subsidiaries (if any) exceeds $250 million:

(c) the licensed insurer is large after amalgamation (within the meaning of section 461PA) in respect of the accounting period.

(3) However, if a registered bank, credit union, building society, or licensed insurer is an overseas company,—

(a) subsections (1) and (2) do not apply; and
(b) the overseas company is large for the purposes of section 461O(1)(b) to (e) if its New Zealand business, or its group’s New Zealand business, is large under subsection (4).

(4) The New Zealand business of an overseas company or its group is large in respect of an accounting period if at least 1 of the following paragraphs applies (calculated as if the New Zealand business were an entity):

(a) as at the balance date of each of the 2 preceding accounting periods, the total assets of the New Zealand business exceed $1 billion;

(b) the overseas company is a licensed insurer and, in each of the 2 preceding accounting periods, the annual gross premium revenue of the New Zealand business exceeds $250 million.

(4A) A financial reporting standard (or a part of a standard) issued by the External Reporting Board that is expressed as applying for the purposes of subsection (4) must be applied in determining whether that provision applies.

(5) In this section, overseas company means a body corporate that is incorporated outside New Zealand.

461PA Meaning of large after amalgamation

(1) For the purposes of this Part, a person (A) is large after amalgamation in respect of an accounting period if—

(a) A amalgamated with a large entity during the accounting period; or

(b) A is a new entity formed on the amalgamation of 2 or more entities during the accounting period, and at least 1 of those entities was a large entity.

(2) If A is large after amalgamation under subsection (1) in respect of an accounting period, A continues to be large after amalgamation in respect of the next accounting period.

(3) In this section, large entity means an entity that, in respect of the accounting period, was any of—

(a) a large listed issuer under section 461OA(1) (other than an issuer described in section 461OA(2)(a) or (b) for the accounting period up to the time of amalgamation);

(b) a registered bank, licensed insurer, credit union, or building society that is large under section 461P.

461Q Meaning of large manager

(1) For the purposes of this Part, a manager (A) that holds a market services licence that covers the service referred to in section 388(a) is a large manager in respect of an accounting period of A if, as at the balance date of each of A’s 2 preceding accounting periods, the total assets of the following schemes exceed $1 billion:
(a) all schemes for which A is manager; and  
(b) all schemes for which the manager is an authorised body that provides  
   the service of acting as a manager of a registered scheme under A’s mar-  
   ket services licence.

(2) If A is a large manager, every manager described in subsection (1)(b) is also  
a large manager.

Example
Company A holds a licence that covers acting as a manager of registered  
schemes. A’s subsidiaries, B and C, also provide this service under A's licence (as  
authorised bodies).

The assets of the schemes for which A is manager total $700 million on the bal-  
ance date of each of A’s 2 preceding accounting periods (the relevant balance  
dates).

The assets of the schemes managed by B total a further $300 million, and the  
assets of the schemes managed by C total $200 million, on each of the relevant  
balance dates.

The total assets therefore exceed $1 billion. A is a large manager. B and C are  
also large managers.

(3) Subsections (4) and (5) apply if—  

(a) a manager and a scheme managed by the manager have different balance  
dates; and  

(b) the manager becomes, or ceases to be, a large manager.

(4) If the manager was not a large manager in respect of an accounting period  
(AP1) but becomes a large manager in respect of the next accounting period  
(AP2), the manager—  

(a) is not treated as a large manager in respect of the scheme in relation to  
the accounting period of the scheme that starts in AP1 and ends in AP2  
unless paragraph (b) applies:  

(b) must be treated as a large manager in respect of the scheme in relation to  
the accounting period of the scheme that starts in AP1 and ends in AP2  
if—  

(i) the manager was not the manager of the scheme at the start of that  
accounting period of the scheme; and  

(ii) the manager at the start of that accounting period of the scheme  
was a climate reporting entity in respect of the scheme.

(5) If the manager was a large manager in respect of an accounting period (AP3)  
but ceases to be a large manager in the next accounting period (AP4), the man-  
ger must be treated as a large manager in respect of the scheme in relation to  
the accounting period of the scheme that starts in AP3 and ends in AP4.

(6) In this section, the total assets of a scheme are—
(a) as reported in the most recent audited financial statements, prepared in accordance with generally accepted accounting practice, for the scheme; or

(b) if there are no such statements, as calculated—

(i) for a date as near as possible to the balance date of the manager; and

(ii) as if for the purpose of preparing financial statements for the scheme in accordance with generally accepted accounting practice.

(7) In this section, scheme means a registered scheme (other than a restricted scheme).

461QA Application if person’s status changes during accounting period

(1) If a person ceases to be a climate reporting entity during an accounting period, that person is treated as continuing to be a climate reporting entity in relation to that accounting period for the purposes of this Act and every other enactment.

(2) However, subsection (3) applies if the person (A)—

(a) ceased to be a climate reporting entity under section 461O(1); and

(b) on the balance date, is not a climate reporting entity under section 461O(1) (disregarding the rule in subsection (1)).

(3) If this subsection applies,—

(a) A is not required to ensure the completion of climate statements or group climate statements under any of sections 461W to 461Y and the lodgement of those climate statements in relation to the accounting period;

(b) records required to be kept by A up to the date that A ceased to be a climate reporting entity under section 461O(1) are CRD records for the purposes of sections 461T to 461V.

(4) In any case where a person is, or was, the manager of a registered scheme (and a climate reporting entity under section 461O(2) in respect of the scheme), subsection (1) does not limit—

(a) section 461Q(5) (which applies if the manager and the scheme have different balance dates); or

(b) section 461ZA (which may apply if the manager of a scheme changes during an accounting period).

461R Miscellaneous provision relating to application

2 Nothing in this Part requires a climate reporting entity to ensure the completion of climate statements or group climate statements and the lodgement of those climate statements in relation to an accounting period that ended before the accounting period in which that person became a climate reporting entity.
Subpart 2—CRD records

461S Climate reporting entities must keep proper CRD records
(1) Every climate reporting entity under section 461O(1) must ensure that there are kept at all times records that will enable the climate reporting entity to ensure that the climate statements of the climate reporting entity comply with the climate-related disclosure framework.

(2) Every manager that is a climate reporting entity in respect of a registered scheme must ensure that there are kept at all times records that will enable the manager to ensure that the climate statements relating to the registered scheme comply with the climate-related disclosure framework.

(4) Every climate reporting entity must establish and maintain a satisfactory system of control of the records that it is required to keep under this section.

(5) In this section,—
climate statements of the climate reporting entity means the climate statements or group climate statements that are required to be prepared under any of sections 461W to 461Y
climate statements relating to the registered scheme means the climate statements of the separate funds of the scheme or the climate statements of the scheme that are required to be prepared under section 461Z.

461T Manner in which CRD records to be kept
(1) Every climate reporting entity must keep the CRD records in the prescribed manner (if any).

(2) A climate reporting entity that contravenes this section commits an offence and is liable on conviction to a fine not exceeding $50,000.

(3) The offence in this section is an infringement offence (see subpart 5 of Part 8).

461U Period for which CRD records to be kept
CRD records, or copies of them, must be retained by the climate reporting entity for a period of at least 7 years after the date the records are made.

461V Inspection of CRD records
(1) Every climate reporting entity must make the CRD records available, in the prescribed manner at all reasonable times for inspection without charge, to—
(a) the directors of the climate reporting entity; and
(b) any supervisor (if the climate reporting entity is an issuer of debt securities or the manager of a registered scheme); and
(c) the FMA; and
(d) any other persons authorised or permitted by an enactment to inspect the CRD records of the climate reporting entity or scheme.
A climate reporting entity that contravenes this section commits an offence and is liable on conviction to a fine not exceeding $50,000.

The offence in this section is an infringement offence (see subpart 5 of Part 8).

Subpart 3—Preparation of climate statements

Climate statements of climate reporting entities

461W Climate statements must be prepared

(1) Every climate reporting entity must ensure that, within 4 months after the balance date of the entity, climate statements that comply with the climate-related disclosure framework are—

(a) completed in relation to the entity and that balance date; and

(b) dated and signed on behalf of the entity by 2 directors of the entity or, if the entity has only 1 director, by that director.

(2) However, subsection (1) does not apply to—

(a) a climate reporting entity that, on the balance date referred to in subsection (1), has 1 or more subsidiaries; or

(b) an overseas climate reporting entity, unless it is a climate reporting entity under section 461O(1)(a); or

(c) a person that is a climate reporting entity only under section 461O(2).

Example

A company (incorporated in New Zealand and with no subsidiaries) is a large manager of 2 registered schemes.

The company is also a large registered bank, so subsection (2)(c) does not apply. Subsection (1) applies to the company (and see section 461Z, which also applies to the company in respect of its registered schemes).

461X Group climate statements must be prepared

(1) Subsection (2) applies to every climate reporting entity in relation to a balance date of the entity if the entity has, on that balance date, 1 or more subsidiaries.

(2) The climate reporting entity must ensure that, within 4 months after that balance date, group climate statements that comply with the climate-related disclosure framework are—

(a) completed in relation to the group and that balance date; and
